

A technician in a dark blue shirt and grey trousers is kneeling next to the landing gear of a white aircraft. He is wearing safety glasses and has a small blue object in his pocket. He is working on a Goodyear tire. The aircraft's fuselage and wing are visible in the background.

BOMBARDIER

Landing Gear

Repair and overhaul

The most comprehensive landing gear services

Restore your landing gear to like-new condition with the Bombardier Component Repair and Overhaul (CRO) team. Our factory-trained technicians use the latest technical data, techniques and tooling solutions to ensure your landing gear meets the highest operating standards.

KEY HIGHLIGHTS

Cost protection*

Benefit from international Not-To-Exceed price guarantees.

OEM engineered repairs

We only use OEM approved repairs; no Designated Engineering Representative (DER) repairs or non-OEM parts used.

Minimize downtime

Years of experience in methodization and task sequencing reduces overall downtime.

Exclusive parts inventory

Extensive inventory of OEM certified landing gear parts and components.
