

Your Digital Life - Uninterrupted

With Bombardier Connectivity Solutions
provided by GE

Bombardier Connectivity Solutions provided by GE offers the perfect collection of aircraft connectivity and communications for your digital life. Its tailored packages provide the reliable and seamless connections that you can count on for office and entertainment use. Customizable connectivity for cabin and cockpit communications that supports your local and global travel profile. GE is the Preferred Service Provider for connectivity services for Bombardier aircraft.*

Cabin Connectivity

Your world of entertainment and communications always at your fingertips. Connect your mobile device as soon as you step on-board your aircraft. Conduct a video conference, check your email, make a conference call or simply sit back and download a movie or watch a game live - the comfort of your home delivered in the air by GE Connectivity Services.

Cockpit connectivity

SATCOM Voice that supports Long Range Communication System (LRCS) and industry standard air/ground communications link for Aeronautical Operational Control (AOC) messages to provide reliable and high quality global coverage for cockpit communications.

Safety

Leverage one of the largest user defined library of safety analytics that is unparalleled within the industry for your aircraft safety.

There is no IT infrastructure outlay needed by the operator; simply connect to the service via a web accessible laptop or workstation using two-way authentication.

*Please contact your GE representative for supported aircraft models

GE Connectivity Services are backed by "white glove" support for a trouble free experience, including upgrade consultations, diagnostics and configurations. Preferred Service Partnership with Bombardier ensures a seamless experience from provisioning to activation to usage.

Ultimate

Experience a full range of home and office luxuries in the air

Choice

Keep you and your guest connected and relaxed.

Select

Bring your office with you at 30,000 feet

Essential
