

# Challenger 650

**Bombardier**

# Time is the ultimate luxury

A Bombardier private jet is more than an aircraft, it's a time machine designed to help you maximize the one commodity that's always in short supply—your time—so you can spend more of it doing what matters most.

# Challenger 650

## Best-selling is a sure bet

Our best-selling large aircraft platform combines world-class interior design with the ultimate value proposition.

Widest-in-class cabin, worldwide reach, and the lowest direct operating costs make the Challenger 650 aircraft the winning choice.

**Smooth ride** The Challenger 650 aircraft's wing was designed to provide you with a smooth ride from takeoff to touchdown.

**#1 in deliveries** The best-selling large business jet platform of all time with over 1,000 deliveries and counting.

**Widest-in-class cabin** Larger seats, the highest sleeping capacity in its class and the space to move around freely. Others simply don't measure up.

**Fastest connectivity** Available Ka-band high-speed internet connectivity will keep you connected at all times.

**Lowest direct operating costs** Low parts costs, long maintenance intervals and superior fuel efficiency make the Challenger 650 the aircraft of choice among corporate flight departments and charter operators.

**Highest reliability** With an industry-leading dispatch reliability of over 99.9 percent, the Challenger 650 platform was designed to deliver on safety and peace of mind.

# Unrivalled reputation

## **An industry icon**

The Challenger 650 aircraft has captured the hearts and minds of the business aviation industry, making it the best-selling large business jet platform of all time. Its widest in-class cabin has been carefully curated to deliver the best of business and pleasure, while stylish furnishings and modern accents create an ambiance of timeless elegance perfectly suited to journeys near or far.

### **It's all in the details**

Aesthetics meet ergonomics with large windows, angled touch screens and meticulously selected finishes.

### **Room for all**

The Challenger 650 is the only aircraft in its class with available seating for up to 12 passengers. With all seats filled, a wider cabin means that there's still plenty of room for comfort.

### **Unlimited baggage access**

Safely access what you require, as required. With access to the baggage compartment at all times, your personal items are always within reach.

# Technology works best when it goes unnoticed

## **Designed to be effortless**

The cabin of the Challenger 650 aircraft seamlessly integrates advanced technology with intuitive functionality. The result is an intuitive cabin experience for business or pleasure.

### **Always connected**

Experience the fastest in-flight internet connectivity worldwide\* with available Ka-band on the Challenger 650 aircraft. From video conferencing and live streaming to online gaming, whether for work or play - you're always connected.

### **Pause work; hit play**

Our intuitive cabin entertainment system allows you to stream videos and movies from your personal devices to the largest high definition monitors in the segment.

### **Immersive sound**

Enjoy an unparalleled audio experience with crystal-clear audio through high-fidelity integrated sidewall speakers - exclusive in its class.

CHALLENGER  
650

# A consummate performer

## **Business within reach**

Fly 4,000 nm, fully-equipped. The Challenger 650 aircraft links the world's financial capitals such as New York and London or Dubai and Singapore.

## **Land in London City**

Steep approach certified, the Challenger 650 aircraft can access London City Airport as well as operate in and out of challenging airports, such as Aspen and Lugano, so you can always get closer to your destination.

# The ultimate value proposition

## **Cutting costs without cutting corners**

The Challenger 650 aircraft has the lowest direct operating cost in its class through affordable maintenance programs and longer maintenance intervals than the competition.

## **The luxury of having it all**

Premium features come standard on the Challenger 650 aircraft with more baseline equipment than the competition.

# A smooth operator for today and tomorrow

## **Smooth ride**

The Challenger 650 aircraft's wing design integrates Bombardier's signature smooth ride technology, helping you arrive at your destination refreshed and well-rested.

## **Best equipped cockpit in its class**

The Bombardier Vision flight deck on the Challenger 650 aircraft is equipped to meet current and upcoming navigational requirements and offers the industry's most extensive baseline feature set including synthetic vision and MultiScan weather radar systems.

## **Proven reliability**

With over 5 million flight hours, the Challenger 650 aircraft delivers class-leading reliability with more system redundancies than any of its competitors.

# Challenger 650

## Smooth ride

The Challenger 650 aircraft's wing was designed to provide you with a smooth ride from takeoff to touchdown.

## #1 in deliveries

The best-selling large business jet platform of all time with over 1,000 deliveries and counting.

## Lowest direct operating costs

 **Bombardier**

 Bombardier

# Customer Experience

World-class aircraft deserve world-class support. Fly confidently knowing that no matter where your travels take you, Bombardier's services and support network have you covered<sup>(3)</sup>.

## Wider mobile response coverage than its leading competitor

With access to a network of aircraft, Bombardier's Mobile Response Team can reach its installed base worldwide, day or night. With more than twice as many mobile response vehicles than our leading competitor, customers can rest assured that support is always within reach.

## More service facilities than its leading competitor

With 33% more service facilities worldwide than its leading competitor, Bombardier's service centres, authorized service facility network and line maintenance stations are strategically located around the world to better serve its customers' needs.

## More field support representatives than its leading competitor

With more technical, operational and customer care experts in the field, customers can be confident that they will receive the support they need toward operational readiness and efficiencies, in addition to technical aircraft assistance when required.

## Worldwide parts distribution coverage

The parts you need, when and where you need them. With over \$1 billion in parts inventory and a global network of 16 parts distribution sites that move nearly 70,000 aircraft parts monthly, Bombardier ensures your complete peace of mind.

## Leading maintenance intervals

Bombardier's aircraft maintenance cycle features longer intervals between inspections. Longer intervals reduce the number of maintenance inspections required and may ultimately result in lower operating costs and reduced aircraft downtime.

# Customer Response Centre

24 hours a day | 7 days a week | 365 days a year

Bombardier's Customer Response Centre offers ultimate convenience with only one number to call for an AOG event in your part of the world. From aircraft systems and avionics support to structural repair, each call to the Bombardier Customer Response Centre connects you to experts who will create a tailored plan to get you flying again quickly and efficiently.

# Smart Services

## Cost protection programs tailored to you

The Bombardier Smart Services cost-per-flight-hour programs provide customers with peace of mind through budget predictability for aircraft parts and maintenance costs. These programs offer the flexibility to tailor the cost-per-flight-hour coverage to better suit operational needs. With simple monthly billing, customers can focus on what matters the most – keeping their aircraft flying.
