Honeywell Primus Elite[®] Upgrade

Bombardier Learjet 40 and Bombardier Learjet 45

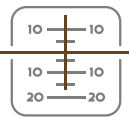

Honeywell Primus Elite[®] upgrade

Experience enhanced safety and reliability with the Honeywell DU-875 Primus Elite[®] upgrade for Bombardier Learjet 40 / 45 aircraft.

ELEVATE YOUR FLYING EXPERIENCE

The Honeywell DU-875 Primus Elite[®] upgrade consists of a Plug and Play option and an Enhanced Features option. Both can be incorporated at the same time or you can select one or the other depending on your requirements and budget. The Enhanced Features option is designed to enhance situational awareness and safety for Learjet 40 / 45 aircraft equipped with the Honeywell Primus avionics system.

CUTTING-EDGE LCD DISPLAYS

The Honeywell DU-875 Primus Elite[®] Enhanced Features option replaces the CRT cockpit displays with 4 state-of-the-art LCD displays and takes advantage of future technologies currently available on newer aircraft for improved situational awareness.

Benefits include:

- Jeppesen charts¹
- Moving Maps capability¹
- Split screen and own ship position functionality
- Enhanced graphical features
- Up to 28 pounds of total weight savings
- May increase aircraft value²
