2015 MANAGEMENT PROXY CIRCULAR

This Management Proxy Circular (the “Circular”) is furnished in connection with the solicitation by the management of Bombardier Inc. of proxies for use at the annual meeting of the holders of Class A shares (multiple voting) (the “Class A shares”), and/or Class B shares (subordinate voting) (the “Class B subordinate shares”), of the Corporation to be held on Thursday, May 7, 2015 at 9:30 a.m. (Montréal time) at La Plaza, Ambassadeur Room, 420 Sherbrooke Street West, Montréal, Québec, Canada (the “Meeting”), and at any and all adjournments thereof.

As used in this Circular, all references to “Bombardier”, the “Corporation” or similar terms are to Bombardier Inc.

Section 1 : Voting Information

Who is soliciting my proxy?

The management of Bombardier is soliciting your proxy for use at the Meeting. The entire cost of the solicitation will be borne by Bombardier.

What will I be voting on?

Holders of the Class A shares and/or Class B subordinate shares of Bombardier will be voting on:

- the election of the directors of the Corporation (see pages 9 to 15);
- the appointment of Ernst & Young LLP, chartered professional accountants, (“Ernst & Young”) as the independent auditors of the Corporation (see page 16); and
- the adoption of a non-binding advisory resolution (the full text of which is reproduced on page 16 of this Circular) on Bombardier’s approach to executive compensation.

How will these matters be decided at the Meeting?

A simple majority of the votes cast, by proxy or in person, will constitute approval of each of the matters specified in this Circular.

How many votes do I have?

The Class B subordinate shares of Bombardier are restricted securities (within the meaning of the relevant Canadian regulations respecting securities) in that they do not carry equal voting rights.

In the event of a ballot, each Class A share carries the right to ten votes and each Class B subordinate share carries the right to one vote. In the aggregate, all of the voting rights associated with the Class B subordinate shares represented, as at March 9, 2015, 31.48% of the voting rights attached to all of the issued and outstanding voting shares of Bombardier.

Each Class A share is convertible, at any time, at the option of the holder, into one Class B subordinate share. Each Class B subordinate share will become convertible into one Class A share in the event that the majority shareholder, namely the Bombardier family, accepts a purchase offer for Class A shares or in the event that the majority shareholder ceases to hold more than 50% of the issued and outstanding Class A shares.

The holders of Class A shares and the holders of Class B subordinate shares, whose names appear on the list of shareholders prepared as of the close of business at 5:00 p.m. (Montréal time) on the record date, being Monday, March 9, 2015 will be entitled to vote at the Meeting and any adjournment thereof if present or represented by proxy.

How many shares are entitled to be voted?

As at March 9, 2015, there were 314,273,255 Class A shares and 1,444,173,243 Class B subordinate shares of Bombardier issued and outstanding.

To the knowledge of the directors and executive officers of the Corporation, the only persons who, as at March 9, 2015 beneficially owned or exercised control or direction directly or indirectly over shares carrying 10% or more of the voting rights attached to any class of its issued and outstanding voting shares were Mr. J. R. André Bombardier, director of the Corporation, and Meses. Janine Bombardier, Claire Bombardier Beaudoin and Huguette Bombardier Fontaine (collectively, the “Principal Shareholders”). These four persons indirectly controlled, through

holding companies, 249,199,910 Class A shares and 1,118,275 Class B subordinate shares, representing in the aggregate 79.29% of the outstanding Class A shares and 0.08% of the outstanding Class B subordinate shares of the Corporation and 54.35% of all the voting rights attached to all of its issued and outstanding voting shares. Please refer to the information disclosed on page 11 and in the notes (A), (E), (F) and (G) on page 14 of this Circular as to the number of Class A shares and Class B subordinate shares held by each of these four persons. In addition, as part of the Corporation's equity offering of subscription receipts by way of a prospectus supplement dated February 20, 2015 under Bombardier's short form base shelf prospectus dated February 18, 2015, the Principal Shareholders have indicated to the Corporation that they purchased, through corporations controlled by them, subscription receipts such that, after giving effect to such offering and the issuance of all underlying Class B subordinate shares to the holders of subscription receipts, the Class A shares and Class B subordinate shares held by the Principal Shareholders will represent 12.40% of all the Class A shares and Class B subordinate shares outstanding and 49.69% of all the voting rights attached to all the shares of the Corporation. Subscription receipts will only be exchanged for Class B subordinate shares upon the satisfaction of the escrow release conditions described in the Corporation's management information circular dated February 24, 2015 prepared in connection with its special meeting of shareholders to be held on March 27, 2015, which has been filed with securities regulators at *sedar.com* and may be obtained on request from the Public Affairs Department of Bombardier at www.bombardier.com.

How do I vote?

If you are eligible to vote as a registered shareholder, you may exercise the voting rights attached to your shares in person at the Meeting or by proxy, as explained below.

If you are eligible to vote as a non-registered shareholder, please see the instructions below under the headings "As a non-registered shareholder, how do I vote?" and "As a non-registered shareholder, how do I vote in person at the Meeting?" at page 8.

Voting by proxy

Whether or not you attend the Meeting, you may appoint someone else to vote for you as your proxyholder. Your vote will thus be counted at the Meeting. You may use the enclosed form of proxy, or any other proper form of proxy, in order to appoint your proxyholder. The persons named in the enclosed form of proxy, namely Messrs. Pierre Beaudoin and Alain Bellemare are respectively Executive Chairman of the Board of Directors and President and Chief Executive Officer, as well as directors, of Bombardier. **However, you may choose another person to act as your proxyholder, including someone who is not a holder of shares of the Corporation, by striking out the names printed on the enclosed form of proxy and inserting another person's name in the blank space provided, or by completing another proper form of proxy.**

How will my proxyholder vote?

On the form of proxy, you may indicate either how you want your proxyholder to vote your shares, or you can let your proxyholder decide for you.

If you have specified on the form of proxy how you want your shares to be voted on a particular issue (by marking **FOR**, **AGAINST** or **WITHHOLD**), then your proxyholder must vote your shares accordingly.

If you have not specified on the form of proxy how you want your shares to be voted on a particular issue, then your proxyholder can vote your shares as he or she sees fit.

Unless contrary instructions are provided, the voting rights attached to Class A shares and/or Class B subordinate shares represented by proxies received by the management of the Corporation will be voted:

FOR the election of all the nominees proposed as directors;

FOR the appointment of Ernst & Young LLP, chartered professional accountants, as the independent auditors of the Corporation and FOR the fixing of their remuneration by the directors of the Corporation; and

FOR the adoption of a non-binding advisory resolution (the full text of which is reproduced on page 16 of this Circular) on Bombardier's approach to executive compensation.

Proxy Voting Options

Shareholders may wish to vote by proxy whether or not they are able to attend the Meeting in person. Registered shareholders may vote by proxy as follows: by mail or fax, by telephone or over the Internet.

Submitting a proxy by mail or fax or over the Internet are the only methods by which a shareholder may appoint a person as proxy other than a director or member of the management of the Corporation named on the form of proxy.

Mail or Fax

Registered shareholders electing to submit a proxy by mail or fax must complete, date and sign the form of proxy. It must then be returned to the transfer agent for the shares of Bombardier, Computershare Investor Services Inc. ("Computershare"), either in the postage pre-paid return envelope provided or by fax at 1 866 249 7775 (for shareholders in Canada and in the United States) and at 416 263 9524 (for shareholders outside Canada and the United States), no later than 4:00 p.m. (Montréal time) on Wednesday, May 6, 2015.

Telephone

Registered shareholders electing to submit a proxy by telephone must do so by using a touchtone telephone. The telephone number to call for shareholders in Canada and in the United States is 1 866 732 VOTE (8683). For shareholders outside Canada and the United States, the telephone number to call is 312 588 4290. Shareholders must follow the instructions, use the form of proxy received from Bombardier and provide the 15-digit Control Number located on the form of proxy. Instructions are then conveyed by use of the touchtone selections over the telephone.

Internet

Registered shareholders electing to submit a proxy over the Internet must access the following website: www.investorvote.com.

Registered shareholders must then follow the instructions and refer to the form of proxy received from Bombardier which contains a 15-digit Control Number located on the form of proxy. Voting instructions are then conveyed electronically by the shareholder over the Internet.

Non-registered shareholders will be provided with voting instructions by their nominees. Please see further instructions below under the heading "As a non-registered shareholder, how do I vote?" (page 8).

What if there are amendments or if other matters are brought before the Meeting?

The enclosed form of proxy gives the persons named in it authority to use their discretion in voting on amendments or variations to matters identified in the notice.

As of the date of this Circular, the management of Bombardier is not aware that any other matter is to be presented at the Meeting. If, however, other matters properly come before the Meeting, the persons named in the enclosed form of proxy will vote on them in accordance with their judgment, pursuant to the discretionary authority conferred upon them by the form of proxy with respect to such matters.

What if I change my mind and want to revoke my proxy?

You may revoke your proxy at any time before it is acted upon in any manner permitted by law, including stating clearly, in writing, that you wish to revoke your proxy and by delivering this written statement to Computershare, no later than the last business day before the day of the Meeting, or to the Chairman of the Meeting on the day of the Meeting or any adjournment thereof.

Who counts the proxies?

Proxies are counted by Computershare, the transfer agent for all of the shares of Bombardier.

Is my vote confidential?

Computershare preserves the confidentiality of individual shareholder votes, except (i) where a shareholder clearly intends to communicate his or her individual position to the management of Bombardier, and (ii) as necessary in order to comply with legal requirements.

How are proxies solicited?

The management of Bombardier strongly urges you to sign and return the form of proxy that you have received in order to ensure that your votes are exercised and accounted for at the Meeting.

The solicitation of proxies will be primarily by mail. However, the directors, members of management and employees of Bombardier may also solicit proxies by telephone, over the Internet, in writing or in person.

How do the employees of Bombardier exercise their voting rights attached to the shares that they own under the Employee Share Purchase Plan?

If you are an employee of Bombardier and you own shares under Bombardier's Employee Share Purchase Plan (the "ESPP"), your shares are registered in the name of Computershare Trust Company of Canada, the administrator of the ESPP, until such time as the shares are withdrawn from the ESPP pursuant to its terms and conditions.

Voting rights attached to your shares may be exercised through the use of a voting instruction form which will permit the voting of shares by mail, fax, telephone (the number to dial for the employees of the Corporation in Canada and in the United States is 1 866 734 VOTE (8683) and for the employees of the Corporation outside Canada and the United States is 312 588 4290) or over the Internet at www.investorvote.com.

Your shares will be voted in accordance with your instructions as indicated in your duly completed voting instruction form. **If you are an employee shareholder and you do not indicate how your shares should be voted, then your shares will be voted:**

FOR the election of all the nominees proposed as directors;

FOR the appointment of Ernst & Young LLP, chartered professional accountants, as the independent auditors of the Corporation and FOR the fixing of their remuneration by the directors of the Corporation; and

FOR the adoption of a non-binding advisory resolution (the full text of which is reproduced on page 16 of this Circular) on Bombardier's approach to executive compensation.

In order for you to exercise your voting rights as an employee shareholder under the ESPP, you must complete and return a voting instruction form by mail or fax or provide your instructions by phone or over the Internet.

As a non-registered shareholder, how do I vote?

Applicable securities laws and regulations require nominees of non-registered shareholders to seek the latter's voting instructions in advance of the Meeting. Therefore, unless you have previously informed your nominee that you do not wish to receive material relating to shareholders' meetings, you will have received this Circular in a mailing from your nominee, together with a proxy form or voting instruction form, as the case may be.

Bombardier intends to pay for proximate intermediaries to send the proxy-related materials to objecting beneficial owners.

Each nominee has its own signature and return instructions. It is important that you comply with these instructions if you want the voting rights attached to your shares to be exercised.

If you are a non-registered shareholder who has submitted a proxy and you wish to change your voting instructions, you should contact your nominee to find out whether this is possible and what procedure to follow.

As a non-registered shareholder, how do I vote in person at the Meeting?

Bombardier and/or Computershare do not have a record of the names of the non-registered shareholders of the Corporation.

If you are a non-registered shareholder and you attend the Meeting, Bombardier and/or Computershare will have no knowledge of your shareholdings or your entitlement to vote, unless your nominee has appointed you as proxyholder.

If you are a non-registered shareholder and wish to vote in person at the Meeting, you have to insert your own name in the space provided on the form of proxy or voting instruction form sent to you by your nominee. By doing so, you are instructing your nominee to appoint you as proxyholder.

It is important that you comply with the signature and return instructions provided by your nominee. It is not necessary to otherwise complete the form as you will be voting at the Meeting.

Electronic voting at the Meeting

In line with Bombardier's commitment towards the environment, voting at the Meeting on all proposals will be made through the use of electronic ballot. This will allow to expedite the voting process at the Meeting and present the final votes on screen at the Meeting. On arrival at the Meeting, all shareholders entitled to vote will be required to register and given a hand held device containing a personalized smart card with details of their shareholding to be used for the electronic vote. After each proposal is put to the Meeting by the Chairman, you will be asked to cast your vote by pressing a button on your keypad. All the votes represented by shareholders present at the Meeting will be counted and added to those received by proxy, and the final votes will be shown on screen at the Meeting. If you have already voted by proxy you will still be able to vote at the Meeting using the electronic device, and your vote on the day of the Meeting will replace your vote by proxy.

How do I communicate with Computershare?

You can communicate with Computershare at the following address:

Computershare Investor Services Inc.

100 University Avenue

8th Floor

Toronto, Ontario M5J 2Y1

or by telephone at: 1 800 564 6253.

Section 2: Business of the Meeting

Election of the Directors of Bombardier

The articles of amalgamation of Bombardier provide that its Board of Directors (the "Board") shall consist of not less than five and not more than 20 directors. Its directors are elected annually.

It is proposed that 14 directors be elected until the next annual meeting of the shareholders of Bombardier.

The term of office of each director so elected expires upon the election of his/her successor unless he/she shall resign or his/her office shall become vacant by death, removal or other cause.

Mr. Heinrich Weiss, who has reached the mandatory retirement age of 72 years old under the Board's retirement policy (please refer to pages 32 and 33 of this Circular), will retire at the close of the Meeting, after serving on the Board since 2005, and will not seek re-election as a director. Information relating to Mr. Weiss therefore does not appear below along with the information regarding the 14 proposed nominees for election as directors of the Corporation. Also on October 30, 2014, Bombardier announced the resignation of Mr. Thierry Desmarest from its Board of Directors, as he was required to reduce the number of his board memberships in order to respect French Corporate Governance requirements following his appointment as Chairman of the French company Total S.A. Because Mr. Heinrich Weiss will act as director up to the Meeting and because Mr. Thierry Desmarest acted as director during part of the most recently completed financial year, information concerning them appears in the other sections of this Circular that pertain to the directors.

Except where authority to vote on the election of directors is withheld, the persons named in the accompanying proxy form if you are a registered shareholder, or the proxy form or voting instruction form, as the case may be, that you will have received from your nominee, if you are a non-registered shareholder, will vote for the election of the 14 nominees whose names are hereinafter set forth, all of whom are currently directors of Bombardier.

It is not contemplated that any of the nominees will be unable, or for any reason will become unwilling, to serve as a director. However, if that should occur for any reason prior to the election, the persons named in the accompanying form of proxy reserve the right to vote for another nominee in their discretion, unless a shareholder has specified in the form of proxy that his or her shares are to be withheld from voting on the election of directors.

Information regarding the nominees relating to their independence, year first elected or appointed as a director, previous year's voting results, age, municipality and country of residence, principal occupation, main areas of expertise, and committee memberships (Audit Committee, Human Resources and Compensation Committee ("HRCC"), Finance and Risk Management Committee ("FRMC"), and Corporate Governance and Nominating Committee ("CGNC")), is provided in the biographical charts below. Also indicated for each nominee are the number of Class A shares and/or Class B subordinate shares held by the nominee, and the number of Deferred Stock Units held by the nominee.

Appointment of the Independent Auditors of Bombardier and Audit Committee Information

Appointment of the Independent Auditors

Bombardier proposes that Ernst & Young be appointed as its independent auditors and that the directors of Bombardier be authorized to fix the remuneration of the independent auditors.

Except where authority to vote on the appointment of the independent auditors of the Corporation is withheld, the persons named in the accompanying form of proxy will vote FOR the appointment of Ernst & Young LLP, chartered professional accountants, and FOR their remuneration to be fixed by the directors of the Corporation.

Audit Committee Information

Ms. Sheila Fraser acts as Chair of the Audit Committee of Bombardier and Messrs. L. Denis Desautels, Daniel Johnson, Jean C. Monty and Patrick Pichette are its other members. Each of them is independent and financially literate within the meaning of National Instrument 52-110 – Audit Committees.

For further information relating to the Audit Committee and independent auditors of the Corporation, please refer to the section entitled “Audit Committee Disclosure” in the Corporation’s Annual Information Form for the financial year ended December 31, 2014, which has been filed with securities regulators at *sedar.com* and may be obtained on request from the Public Affairs Department of Bombardier at www.bombardier.com.

Non-binding Advisory Vote on Bombardier’s Approach to Executive Compensation

The approach of Bombardier regarding executive compensation is to maximize the overall performance of the Corporation through the individual performance of its executives. The goals of the policy are to attract, retain and motivate executives in order to increase business performance and enhance shareholder value which supports the pay-for-performance commitment of Bombardier.

Bombardier’s executive compensation policy focuses on total compensation: base salary, short-term incentives, long-term incentives, pension, benefits and perquisites. The Corporation’s philosophy is to position the total executive compensation package at the median (50th percentile) compared with similar positions in companies that have international operations and are comparable in size and complexity to Bombardier in the relevant markets.

Section 5: “Remuneration of the Executive Officers of Bombardier” on pages 35 to 65 of this Circular provides a lot of meaningful information on the various elements of the executive compensation policy of Bombardier.

The Board has decided, during its meeting on March 30, 2011, to implement advisory, but non-binding, votes on executive compensation (otherwise known as “Say on Pay”). Thus, the shareholders of the Corporation will be called, during the Meeting, to vote **“FOR”** or **“AGAINST”** the adoption of the following resolution with respect to Bombardier’s approach to executive compensation:

“RESOLVED, on an advisory basis and not to diminish the role and responsibilities of the Board of Directors of Bombardier Inc., that the shareholders of Bombardier Inc. accept the approach to executive compensation disclosed in the Management Proxy Circular delivered in advance of the annual meeting of the shareholders of Bombardier Inc. held on May 7, 2015”.

Since this is an advisory resolution, the results will not be binding on the Board. However, the members of the HRCC will take into account the results of the vote when reviewing, in the future, executive compensation philosophy, policies, programs or arrangements.

The results of the vote will also be included in the report on voting results to be posted on the SEDAR website, at www.sedar.com, following the Meeting.

The Board recommends to its shareholders and their proxyholders to VOTE FOR the adoption of this non-binding advisory resolution on Bombardier’s approach to executive compensation.

Adoption of this resolution will require a majority of the votes cast by the shareholders of Bombardier or their proxyholders, as the case may be.

Section 3: Remuneration of the Directors of Bombardier

This section describes the approach to compensation for the directors at Bombardier.

With a view to providing market competitive compensation and aligning the interests of directors and shareholders, the CGNC reviews the amount and form of non-executive directors' compensation in light of the responsibilities and time commitment required of directors. The CGNC monitors the competitiveness of Bombardier's Board compensation against public companies in Canada and the United States that have international operations and are comparable in size and complexity to Bombardier. The CGNC did not recommend any change to the amount or form of compensation for the financial year ended December 31, 2014.

The following table illustrates the elements of compensation to which the directors were entitled during the financial year ended December 31, 2014, with the exception of Mr. Pierre Beaudoin, who received no compensation for serving as a director of the Corporation.

Each director is required to receive the entirety of his or her annual Board retainer in the form of Director Deferred Stock Units ("DDSUs") until the minimum shares and/or DDSUs holding requirement (as further explained on page 20 of this Circular) is met (currently, a minimum value of \$400,000 Cdn), and must continue to receive at least 50% of his/her annual Board retainer in the form of DDSUs once the holding requirement is met. Although additional annual retainers and travel fees are not subject to such holding requirement, each director may elect to receive not less than 50% of said retainer(s) and/or fees, as applicable, in the form of DDSUs. Director Deferred Stock Unit Plan

To encourage directors (other than directors who are also executive officers) to better align their interests with those of the shareholders by having an investment in the Corporation, a Director Deferred Stock Unit Plan (the “DDSU Plan”) was implemented on April 1, 2000; it was amended in 2003, 2006, 2007, 2008 and 2011. The DDSU Plan provides that eligible directors are required to receive the entirety of their annual Board retainer in the form of DDSUs, until the minimum shares and/or DDSUs holding requirement (as further explained in the following section) is met. Thereafter, they must continue to receive at least 50% of such fees in the form of DDSUs. In addition, they may elect to receive not less than 50% of their other fees (i.e. additional annual retainers and/or travel fees, as applicable) in the form of DDSUs.

DDSU's have a value equal to the weighted average trading prices of the Class B subordinate shares on the Toronto Stock Exchange (“TSX”) for the five trading days immediately preceding the date of grant. DDSUs are vested on the date of grant and take the form of a bookkeeping entry credited to the eligible director's account for as long as he/she remains a director. DDSUs will be redeemed for cash upon request after the eligible director ceases to be a director, failing which the DDSUs will automatically be redeemed for cash upon the expiry of a pre-determined period. The value of a DDSU, when redeemed for cash, is equal to the closing price of the Class B subordinate shares on the TSX on the last trading day preceding the day of the redemption. DDSUs earn dividend equivalents in the form of additional DDSUs at the same rate as the dividends paid on the Class B subordinate shares. The DDSU plan is not dilutive.

Minimum Shares and/or DDSUs Holding Requirement

The Board believes that it is important that directors demonstrate their commitment to Bombardier's growth through their respective shares and/or DDSUs holding.

On February 1, 2008, the Board implemented a minimum shares and/or DDSUs holding requirement, as amended in 2011, pursuant to which each director has to hold shares and/or DDSUs having a minimum value of \$400,000 Cdn (equal to \$345,300 based on an exchange rate of 0.8633 as of December 31, 2014 and to \$376,000 based on an exchange rate of 0.9400 as of December 31, 2013) throughout his/her tenure as a director.

The DDSU Plan provides that until a director meets this minimum shares and/or DDSUs holding requirement, his/her annual Board retainer will be entirely credited to him/her in the form of DDSUs. Once the required threshold is met, the director must continue to receive at least 50% of his/her annual Board retainer in the form of DDSUs. Please see “Director Deferred Stock Unit Plan”, the preceding section, for further details on DDSUs.

Pursuant to Bombardier's Code of Ethics and Business Conduct, directors shall not engage in hedging activities or in any form of transactions of publicly-traded options in Bombardier securities, or any other form of derivatives relating to Bombardier securities, including "puts" and "calls". In addition, directors shall not sell Bombardier securities that they do not own ("short sale").

Section 4 : Corporate Governance

Bombardier believes that strong corporate governance is linked to strong corporate performance resulting in sustained profitability and, therefore, enhances shareholder value.

As more fully described below, Bombardier has corporate governance policies and practices which comply with and, in certain instances, even surpass, the requirements of National *Instrument 52-110-Audit Committees* ("NI 52-110"), which sets out rules regarding the composition and responsibilities of public company audit committees, *National Policy 58-201 Corporate Governance Guidelines* and *National Instrument 58-101-Disclosure of Corporate Governance Practices* ("NI 58-101"), as well as amendments to NI 52-110 to ensure that the definition of "independence" is consistent with each of NI 58-101 and NI 52-110.

In addition, Bombardier continuously seeks to strengthen its corporate governance practices by monitoring the coming into effect of new regulatory requirements and the evolution of best practices so as to be able to adjust its policies and practices accordingly, but always in light of its own specificity.

Governance Practices

Ethical business conduct

- Bombardier's Code of Ethics and Business Conduct (the "Code") addresses ethical conduct in Bombardier's work environment, business practices and relationships with external stakeholders. The principles set out in the Code reflect Bombardier's belief that honesty and integrity foster a positive work environment that strengthens the confidence of all stakeholders.
- The Code applies at all times, without exception, to all the directors and to all of Bombardier's employees and managers. Bombardier's suppliers and partners, as well as third parties (such as agents), are also expected to adhere to the Code when dealing with or acting on behalf of Bombardier.
- The Code explains the standards of behaviour expected from everyone to whom it applies in his/her daily activities and in dealings with others, including how to deal with conflicts of interests. It does not foresee every situation that might arise. Rather, it identifies guiding principles to help one make decisions consistent with Bombardier's values and reputation.
- The Code outlines the key responsibilities of leaders within Bombardier which are to provide a model of high standards of ethical conduct and to create a work environment reflecting both the content and the spirit of the Code. Selected members of management are required to take part in a mandatory Code compliance certification process. The certification process is designed to provide management with additional assurance on public disclosures and required corporate officer certifications; this process also (i) helps integrate the Code into Bombardier's governance system, (ii) ensures that the Code is a top priority within the leadership team and (iii) promotes integrity as a core value.

- Consistent with its commitment and strategic approach to corporate responsibility, Bombardier has deployed a Supplier Code of Conduct. This Code essentially promotes adherence by suppliers to the 10 principles in the area of human rights, labor standards, environment and anti-corruption of the United Nations Global Compact to which Bombardier is a signatory.
- A Corporate Ethic and Compliance Officer ensures full adherence to applicable laws and regulations and strict compliance with Bombardier's Code of Ethics and Business Conduct.
- Bombardier has a Code of Ethics and Business Conduct translated in 15 languages. In addition to being available on the SEDAR website at www.sedar.com, it may also be consulted on the website of Bombardier at www.bombardier.com in each of the 15 languages.

Conflict of interest

In order to allow the directors and executives to exercise independent judgment in considering a particular transaction or agreement in which a director or an executive has a material interest, the following principles apply: (i) the director or the executive is required to inform his/her colleagues of any potential conflict of interest he/she may have in connection with a particular transaction or agreement before it is brought to the attention of his/her colleagues for discussion and/or decision; and (ii) he/she will then be required, depending on the transaction or agreement under consideration, to either leave the meeting while his/her colleagues review the matter at hand or while remaining present during the meeting, refrain from participating in any manner in the discussion involving his/her colleagues or the decision that they make.

Hiring of outside advisors

With the prior authorization of the CGNC, each director may, when needed, retain the services of outside advisors at the expense of Bombardier. The Audit Committee, the FRMC and the HRCC each have the authority to do so. Between January 1, 2014 and December 31, 2014, no outside advisor was retained by a director.

Ernst & Young are currently the independent auditors of Bombardier and work closely with the Audit Committee. As to the various services on executive compensation matters provided to Bombardier by outside advisors during the 2014 financial year, please refer to the information contained hereafter on pages 28 and 29 of this Circular.

About the Board of Directors of Bombardier

Composition

- As of the date of this Circular, the Board is composed of 15 directors. Detailed information on each of the 14 nominees proposed to be re-elected as directors is found on pages 9 to 14 and their respective attendance records at Board and committee meetings is found on page 15 of this Circular, except for Mr. Alain Bellemare who was appointed as President and Chief Executive Officer and director on February 13, 2015. Mr. Heinrich Weiss will retire at the close of the Meeting and will not seek re-election as a director. Also, on October 30, 2014, Bombardier announced the resignation of Mr. Thierry Desmarest from its Board of Directors. The directorships of all director nominees are described on pages 10 to 14 of this Circular.

Responsibilities of the Board of Directors

- **Mandate of the Board of Directors** The mandate of the Board is reproduced at Schedule “A” to this Circular and also on the website of Bombardier at www.bombardier.com.
- **Stewardship of Bombardier** In accordance with the *Canada Business Corporations Act* (the “CBCA”) and as stated in its mandate, the role of the Board is to supervise the management of the business and affairs of the Corporation with the objective of creating sustained profitability and, therefore, enhancing shareholder value.

It is the role of management to conduct the day-to-day operations of Bombardier in a way that is consistent with the strategic plans, operating plans and budgets approved by the Board. In this context, the President and Chief Executive Officer of Bombardier, Mr. Alain Bellemare, makes recommendations to the Board with respect to matters of corporate strategy and policy. The Board then makes the decisions which it deems appropriate and supervises the execution of such decisions and reviews the results obtained.

The Board decides all matters coming under its jurisdiction pursuant to the CBCA, Bombardier’s articles of amalgamation and by-laws, any applicable legislation, the policies of Bombardier or the mandate of the Board and the charter of its four Committees. It also acts in accordance with the Code of Ethics and Business Conduct of Bombardier. The Board may assign to one of its four Committees the prior review of any issues for which the Board is responsible. The recommendations of a Committee remain, however, subject to the approval of the Board.

Any responsibility which is not delegated to either corporate management or a Committee of the Board remains with the Board. In general, all matters or policies and all actions proposed to be taken which are not in the ordinary course of business require the prior approval of the Board or of one of its four Committees to which approval authority is delegated.

- **Strategic planning** Every year, the President and Chief Executive Officer of Bombardier together with the President of each business segment, namely Bombardier Transportation, Bombardier Business Aircraft, Bombardier Commercial Aircraft and Bombardier Aerostructures and Engineering Services, and executives from the Corporate Office present, during two separate special sessions, the strategic orientation, operating plans and budgets of Bombardier for the review and approval of its Board. As provided for under its mandate, the duties of the Board include adopting a strategic plan presented by management and updating it, on at least an annual basis, by taking into account, among other things, the opportunities and risks of the business of Bombardier and the emerging trends. The Board’s duties also include monitoring the implementation of the strategic plan by management.

The Board also adopts each year appropriate operating plans and budgets and reviews them on a quarterly basis.

- **Leadership Development and Management Succession Planning** The Board oversees succession planning, through the mechanisms put in place by the HRCC, to ensure that Bombardier has a comprehensive succession plan for senior executive leaders and designs pertinent strategies to strengthen the organization’s leadership capabilities and overall talent pipeline.

One of Bombardier’s competitive foundations is to have great talent globally. It offers all leaders the opportunity to participate in a leadership program that provides an understanding of leadership behaviors, and how these behaviors impact teams and their ability to achieve business results.

The Performance Management Process (“PMP”) underpins Bombardier’s efforts to ensure that employees are productive, develop their individual competencies and become Bombardier’s future leaders and experts. The feedback and performance evaluation that employees receive as part of the PMP become key discussion points for the development of employees.

The management of succession process originates at each business segment. After a series of escalating reviews, this process culminates in a detailed and integrated assessment of the leadership status by Bombardier’s senior management. This process is further reinforced by quarterly talent reviews of the top leaders’ development plans by the President and Chief Executive Officer, the President of each business segment, the Senior Vice President, Human Resources and the Vice President, Human Resources of each business segment.

Talent review sessions were held during the financial year ended December 31, 2014 and the Board reviewed the management succession plan and the Aerospace reorganization announced in July 2014.

- **Risk Management** Pursuant to its charter, the FRMC assists the Board in fulfilling its oversight responsibilities with respect to:
 - risk management matters,
 - financing activities,
 - retirement plan fund management,
 - environmental matters, and
 - any other matters delegated to the FRMC by the Board.

More information on the FRMC is provided on page 29 of this Circular.

- **Human Resources** In accordance with its charter, the HRCC assists the Board in its oversight responsibilities with respect to succession planning for the position of President and Chief Executive Officer of Bombardier and executives reporting to him, including all NEOs, with respect to their appointment, and with respect to the performance assessment of the President and Chief Executive Officer.

More information on the HRCC is provided on pages 28 and 29 of this Circular.

- **Communications policy** The objective of the corporate disclosure policy is to ensure that communications to the investing public about Bombardier are (i) timely, factual and accurate, and (ii) disseminated in a fair and impartial manner in accordance with all applicable legal and regulatory requirements.

Among other matters, the policy outlines how Bombardier should interact with analysts, investors, the media and other people and contains measures intended to ensure compliance with its timely disclosure obligations and avoid making selective disclosure of information. The Audit Committee has the responsibility, under its charter, of monitoring this policy and updating it, when needed.

Each of the Board and the Audit Committee reviews and, where required, approves all major communications about Bombardier, including annual and quarterly financial statements and related management's discussion and analysis, financing documents and press releases in relation thereto or significant matters or issues affecting the Corporation as a whole prior to their dissemination and/or filing.

In addition, there is also an internal process to respond to questions and concerns raised by shareholders and other stakeholders. All communications from shareholders and other stakeholders are referred to the appropriate executive for response, consideration or action. If and when significant issues are raised, corporate management will in a timely manner advise the Board of such matters.

Bombardier communicates with its shareholders and other stakeholders, securities analysts and the media regularly on developments in its businesses and results, through its annual report, financial statements, activity report, and, when needed, reports to shareholders, press releases and material change reports.

- **Financial reporting** The Board has delegated to the Audit Committee the responsibility of monitoring and assessing the quality and integrity of Bombardier's accounting and financial reporting systems, disclosure controls and procedures, internal controls and management information systems. For this purpose, the Audit Committee reviews various presentations made periodically by the Senior Vice President and Chief Financial Officer, the Senior Director, Corporate Audit Services and Risk Assessment or the independent auditors, Ernst & Young, as the case may be.

More information on the Audit Committee is provided on pages 27 and 28 of this Circular.

Committees of the Board of Directors

The Board of Bombardier has four Committees.

The charter of each Committee provides a position description for its respective Chair. Essentially, the Chair provides leadership to enhance the effectiveness of the Committee. The Chair also sets the agenda, ensures that the conduct of meetings provides adequate time for discussion of relevant issues and ensures that the outcome of meetings is reported to the Board.

- **Audit Committee** It consists of five directors, all of whom are independent. They are also all financially literate as required by NI 52-110.

Ms. Sheila Fraser is the Chair and Messrs. L. Denis Desautels, Daniel Johnson, Jean C. Monty and Patrick Pichette are the other members. Please refer to page 15 of this Circular for the number of meetings held by the Audit Committee between January 1, 2014 and December 31, 2014 and the attendance records of its members.

Pursuant to its charter (which is available on the website of Bombardier at www.bombardier.com and as Schedule 1 to the Annual Information Form of the Corporation for the financial year ended December 31, 2014, which has been filed with securities regulators at *sedar.com*), the objectives of the Audit Committee are (i) to help the directors meet their responsibilities with respect to accountability, (ii) to assist in maintaining good communication between the directors and the independent auditors of Bombardier, Ernst & Young, (iii) to assist in maintaining the independence of Ernst & Young, (iv) to maintain the credibility and objectivity of the financial reports of Bombardier, and (v) to investigate and assess any issue that raises significant concerns with the Audit Committee.

The Audit Committee periodically monitors the adequacy and effectiveness of the disclosure controls and systems of internal control of Bombardier through the reports provided by the Senior Vice President and Chief Financial Officer, the Senior Director, Corporate Audit Services and Risk Assessment and Ernst & Young, as the case may be.

As a general rule, all meetings of the Audit Committee are attended by the Executive Chairman of the Board of Directors, the President and Chief Executive Officer, the Senior Vice President and Chief Financial Officer and the Senior Director, Corporate Audit Services and

Risk Assessment, as well as by the representatives of Ernst & Young, the independent auditors of Bombardier. During such meetings, the Audit Committee also holds private sessions with each of the President and Chief Executive Officer, the Senior Vice President and Chief Financial Officer, the Senior Director, Corporate Audit Services and Risk Assessment and the independent auditors to discuss various topics of interest.

■ **Human Resources and Compensation Committee** It consists of four directors, all of whom are independent.

Mr. Jean C. Monty is the Chairman of the HRCC and Ms. Martha Finn Brooks and Messrs. Patrick Pichette and Carlos E. Repesas are the other members. Please refer to page 15 of this Circular for the number of meetings held by the HRCC between January 1, 2014 and December 31, 2014 and the attendance records of its members.

None of the HRCC members during the financial year ended December 31, 2014 was an active chief executive officer with a publicly-traded entity. The current members each have experience in executive compensation as either (i) a former chief executive officer of a publicly-traded corporation, (ii) a senior executive officer who had executive responsibility for very sizeable businesses or (iii) a member of a compensation committee of a publicly-traded corporation. Furthermore, all members have experience in human resources having actively supervised human resources departments and assessed performance with respect to human resources and executive compensation policies and practices. The Board believes that the members of the HRCC collectively have the knowledge, experience and background required to fulfill their mandate.

Pursuant to its charter (which is available on the website of Bombardier at www.bombardier.com), the HRCC reviews, reports and, where appropriate, submits recommendations to the Board regarding the succession planning for the position of President and Chief Executive Officer of Bombardier and executives reporting to him, including NEOs. In addition, it ensures that the President and Chief Executive Officer has put in place and is monitoring succession planning systems and policies for senior executive positions. The internal process with respect to leadership development and management succession planning is described on page 26 of this Circular.

The HRCC also reviews and recommends to the Board the appointment of the President and Chief Executive Officer and those executive officers reporting to him.

The HRCC reviews (i) occupational health and safety matters on a quarterly basis, and (ii) a 12-month consolidated Ethics and Compliance activity report on human resources issues and ensures that monitoring is in place regarding social issues such as employment equity, harassment and discrimination.

The HRCC reviews, assesses and approves a total executive compensation policy that takes into account, among other things, (i) base salary, (ii) short-term incentives, (iii) long-term incentives and (iv) pension, benefits and perquisites, as well as the risks associated therewith. It reviews the design of equity-based compensation incentive plans and makes appropriate recommendations to the Board for its approval.

The HRCC also assesses the performance of the President and Chief Executive Officer against his objectives set at the beginning of each financial year and in light of such factors deemed appropriate and in the best interests of Bombardier, and it then submits its recommendations to the Board.

The HRCC is also responsible for compensation governance and in that respect, it (i) ensures, via the human resources key performance indicators, that appropriate human resource policies, procedures, practices and systems are in place to attract, motivate and retain the qualified personnel required to meet Bombardier's business objective, (ii) reviews all aspects of the executive stock ownership guidelines, including compliance therewith, (iii) reviews the compensation disclosure analysis in Bombardier's management information circulars, (iv) monitors compensation trends and emerging issues and (v) selects and manages the HRCC's independent compensation consultants, qualifications and fees.

The Executive Chairman of the Board of Directors, Mr. Pierre Beaudoin, the President and Chief Executive Officer, Mr. Alain Bellemare, and the Senior Vice President, Human Resources and Public Affairs, Mr. John Paul Macdonald, attend the meetings of the HRCC. They do not have the right to vote on any matter before the HRCC. They do not participate in discussions concerning their own compensation and are required to leave the meetings when appropriate.

Compensation Advisors

The HRCC retained Meridian Compensation Partner ("Meridian") to act as its independent advisor. The executive compensation consulting services provided by Meridian during the financial year ended December 31, 2014 include attendance and presentations at HRCC meetings, conducting a benchmarking review of executive compensation, reviewing and providing advice on compensation related decisions and reporting on compensation trends and practices. The HRCC did not direct Meridian to perform its services in any particular manner. Ultimately, the decisions are taken by the HRCC and may reflect factors and considerations other than information and recommendations provided by Meridian.

During the financial year ended December 31, 2014, Meridian did not provide any other services to Bombardier or to any of its directors or members of management and the HRCC is satisfied with the independence of Meridian.

Furthermore, Towers Watson conducted a benchmarking review on long-term incentives relative to the Canadian market.

The table below summarizes the fees paid to the compensation advisors for services provided during each of the financial years ended on December 31, 2014 and December 31, 2013.

■ **Corporate Governance and Nominating Committee** It consists of four directors, all of whom are independent.

Mr. Carlos E. Represas is the Chairman of the CGNC and Messrs. Daniel Johnson, Vikram Pandit and Heinrich Weiss are the other members. Please refer to page 15 of this Circular for the number of meetings held by the CGNC between January 1, 2014 and December 31, 2014 and the attendance records of its members.

The charter of the CGNC (which is available on the website of Bombardier at www.bombardier.com) provides that it has the responsibility to monitor the selection criteria for candidates as directors and the credentials of nominees for election or re-election as directors, the composition of the Board and its committees as well as their performance and the remuneration of the non-executive directors.

The CGNC also oversees the evolution of Bombardier's corporate governance practices and policies, including its Code of Ethics and Business Conduct, to ensure that Bombardier continues to comply with high standards of corporate governance.

■ **Finance and Risk Management Committee** It consists of five directors, all of whom are independent.

Mr. L. Denis Desautels is the Chairman of the FRMC and Ms. Martha Finn Brooks and Messrs. Daniel Johnson, Vikram Pandit and Carlos E. Represas are the other members. Please refer to page 15 of this Circular for the number of meetings held by the FRMC between January 1, 2014 and December 31, 2014 and the attendance records of its members.

Pursuant to its charter (which is available on the website of Bombardier at www.bombardier.com), the FRMC reviews (i) Bombardier's material risks of a financial nature and the steps that management takes to monitor, control and manage these risks, and (ii) the adequacy of policies, procedures and controls designed by management to assess and manage these risks. It reviews and monitors, as the case may be, any significant or unusual transactions or projects related to Bombardier's ongoing activities, significant business opportunities, mergers, acquisitions, divestitures, significant asset sales or purchases or equity investments. It goes over various matters or activities related to or involving the financial situation of Bombardier such as, for example, its capital structure, its long-term debt repayment profile, its compliance with covenants under credit facilities, its customer financing activities and programs, its foreign exchange hedging policies, procedures and controls, or its insurance program coverage and related risks.

The FRMC periodically reviews the fulfillment of Bombardier's obligations under its various retirement plans and the investment of the assets of such plans. It also monitors periodically environmental matters.

Lead Director

The Board has an independent Lead Director, considering that the Executive Chairman of the Board of Directors, Mr. Pierre Beaudoin, is not an independent director. The Lead Director, Mr. Jean C. Monty, chairs the meetings of the independent directors of Bombardier as further explained below.

Meetings of the independent directors

A formal structure enables the Board to function independently of the management of Bombardier.

After each meeting of the Board, the directors who are not part of corporate management and/or the majority shareholder, namely the Bombardier family, consider whether to meet privately under the chairmanship of Mr. Jean C. Monty, in his capacity of Lead Director. They have, however, no decision-making power. The Lead Director transmits to the Executive Chairman of the Board of Directors, Mr. Pierre Beaudoin, and/or the President and Chief Executive Officer, Mr. Alain Bellemare, as the case may be, any comments, questions or suggestions raised during such meetings.

Between January 1, 2014 and December 31, 2014, the independent directors held 3 private meetings after the regular meetings of the Board.

Mandates of the Executive Chairman of the Board of Directors, the Chair of each Committee and the President and Chief Executive Officer

Maintaining separate positions for the Executive Chairman of the Board of Directors and the President and Chief Executive Officer allows the Board to be more efficient in overseeing the Corporation's business and holding management accountable for the Corporation's activities. The Board adopted formal mandates which set out specific responsibilities for each of the Executive Chairman of the Board of Directors, the Chair of each committee and the President and Chief Executive Officer, as follows:

■ Mandate of the Executive Chairman of the Board of Directors and of the Chair of each Committee

Mr. Pierre Beaudoin is mainly responsible for ensuring that the Board carries out its responsibilities effectively and clearly. His specific responsibilities include, among other things:

- managing the Board and setting the agenda in consultation with the President and Chief Executive Officer of Bombardier, Mr. Alain Bellemare;
- providing leadership to enhance Board effectiveness and ensuring that the Board works as a cohesive team; and
- working with the CGNC to ensure Board quality and continuity by:
 - reviewing the performance of the Board, its committees and individual directors;
 - making sure the skills and competencies of individual directors are incremental to the Board as a whole; and
 - ensuring that the Board develops clear position descriptions for the Executive Chairman and the chair of each Board committee.

The mandate and responsibilities of the Chair of each committee are set out in the charter of each committee.

■ Mandate of the President and Chief Executive Officer

Mr. Alain Bellemare is responsible for the management and execution of Bombardier's strategic and operating plans. His specific responsibilities include, among other things:

- executing the Board's resolutions and policies;
- providing long-term strategic orientation in the form of a strategic plan and a business plan;
- managing Bombardier's commercial and internal affairs by:
 - assuming responsibility for capital management and financial management;
 - implementing decisions with respect to acquisitions, divestitures, financings and similar activities, subject to prior approval of the Board;
 - ensuring that Bombardier has effective disclosure controls and procedures and internal controls in place; and
 - identifying, assessing and managing the risks involved in the course of business; and
- representing Bombardier to external groups.

The corporate objectives which the President and Chief Executive Officer, Mr. Alain Bellemare, is responsible for meeting are determined pursuant to the operating plans and budgets approved each year by the Board; he is assessed against the achievement of the operating plans and the budgets and he may also be assessed, in part, in relation to specific objectives that have been fixed for him by the Board upon the recommendation of the HRCC.

At the beginning of each regular meeting of the Board, a private session is held involving only the President and Chief Executive Officer, Mr. Alain Bellemare, and the directors in order to allow them to review and discuss various topics of interest according to the then prevailing circumstances.

Recruitment and election of directors

The CGNC, composed of four independent members, has the responsibility of (i) annually reviewing the credentials of nominees for election or re-election as directors, (ii) monitoring the size and composition of the Board and its committees to ensure an effective decision-making process and (iii) submitting its recommendations to the Board. As a result of the most recent assessment of the performance of the Board by its members, the CGNC and the Board are of the view that its size and composition as well as the mix of talents, quality and skills are well suited to Bombardier's current circumstances and needs and allow for its efficient functioning as a decision-making body and promote sound governance.

In consultation with the Executive Chairman of the Board of Directors, Mr. Pierre Beaudoin, the CGNC determines appropriate selection criteria, including any additional skill sets deemed to be beneficial, when considering Board candidates, by taking into account Bombardier's current circumstances and needs, whenever new directors have to be recruited.

Taking a strategic approach in connection with the Board succession process, the members of the CGNC focus their attention on (i) better assessing the skills, functional expertise and experience of the current directors; (ii) determining and anticipating the future needs of the Board based on the evolution of the business of the Corporation and its external environment; and (iii) identifying the most suitable candidates in order to be in a position to fill an opening on the Board, given the then prevailing and projected circumstances for the Corporation.

Mr. Pierre Beaudoin, in cooperation with the members of the CGNC, identifies potential candidates as directors. The members of the CGNC examine such candidacies and make appropriate recommendations to the Board. Prior to agreeing to join the Board, a candidate is fully informed of the workload and time commitment requirements.

Majority voting policy with respect to the election of directors

Bombardier has a majority voting policy with respect to the election of its directors. It stipulates that if the votes in favour of the election of a director nominee at a shareholders' meeting represent less than a majority of the shares voted and withheld, the nominee would, as a result, submit his/her resignation promptly after the meeting, for the CGNC's consideration. The CGNC would then make a recommendation to the Board after reviewing the matter, and the Board's decision to accept or reject the resignation offer would be disclosed to the public through a press release. The nominee would not participate in any committee or Board deliberations on the resignation offer. The policy would not, however, apply in circumstances involving contested director elections.

Diversity Policy

In satisfying the Corporation's commitment to selecting the best persons to propose to shareholders as candidates for the Corporation's Board of Directors and designate as members of management of the Corporation, the Board believes that diversity is important to ensure that the profiles of Board members and members of management provide the necessary range of perspectives, experience and expertise required to achieve effective stewardship and management.

Accordingly, Bombardier has adopted a diversity policy which outlines its approach to achieving and maintaining diversity (including gender diversity) on its Board and in management positions. This includes requirements for the Board to establish measurable objectives for achieving diversity on the Board and in management positions, and for the appropriate Board committees to monitor the implementation of the policy, assess the effectiveness of the Board nomination process and the appointment process for management positions at achieving the objectives of the policy, and to measure the Corporation's annual and cumulative progress made in achieving the objectives.

Pursuant to its diversity policy, Bombardier aspires towards (i) a Board composition in which women comprise at least 30% of all directors by January 1, 2018, and (ii) having at least 25% of management positions held by women by January 1, 2018, as relevant positions become vacant and appropriately-skilled candidates are available, as set out in the following table:

Category	Objective	Actual	
	Percentage	Number	Percentage
Number of women in management positions	25%	837/4710	17.8%
Number of women on the Board	30%	3/15	20%

In consultation with the Chairman of the Board of Directors, the CGNC, composed entirely of independent directors, develops, reviews and monitors appropriate selection criteria for Board membership that strive to attain a diversity of competencies, genders, personal qualities, geographical representation, business background, cultural background, experience, overall expertise and financial competency, taking into account Bombardier's circumstances and needs.

In the process of searching for qualified Board candidates, the CGNC strives for the inclusion of diverse groups, knowledge, and viewpoints. In connection with its efforts to create and maintain a diverse Board, in identifying and nominating candidates for election or re-election to the Board, the CGNC:

- will seek to include diverse candidates in any director search. This process will take into account that qualified candidates may be found in a broad array of organizations, including privately held businesses, trade associations, in addition to the traditional candidate pool of corporate directors and officers, and from a variety of cultural and geographic backgrounds;
- periodically reviews Board recruitment and selection protocols to ensure that diversity remains a component of any director search; and
- in order to support the specific objective of gender diversity, considers the level of representation of women on the Board.

As a result of the most recent assessment of the performance of the Board by its members, the CGNC and the Board are of the view that its size and composition as well as the mix of talents, quality and skills are well suited to Bombardier's current circumstances and needs and allow for its efficient functioning as a decision-making body and promote sound governance.

The HRCC, composed entirely of independent directors, has the mandate to oversee the succession planning for the President and Chief Executive Officer and a number of selected senior executive positions, with the appointment and promotion of other members of management being delegated to management. In compliance with the Corporation's diversity policy, in fulfilling its role, the HRCC and, where applicable, management:

- considers candidates that are qualified based on their experience, education, expertise, personal qualities, and general and sector-specific knowledge;
- makes decisions on appointments and promotions on the basis of performance, skill and merit;
- reviews potential candidates from a variety of cultural and geographic backgrounds and perspectives, with the Corporation's diversity objectives in mind including, without limiting the generality of the foregoing, the specific objective of gender diversity; and
- considers the level of representation of women in executive officer positions when making executive officer appointments.

Pursuant to its mandate, the HRCC also ensures that appropriate hiring policies, competency profiles, training policies and compensation structures, including retirement benefits, are in place so that Bombardier can attract, motivate and retain the qualified personnel required to meet its business objectives. All internal and external training opportunities are based on merit and in light of the Corporation's and individual needs. In addition, pursuant to its mandate, the HRCC ensures that monitoring is in place regarding social issues such as employment equity, harassment and discrimination, and reviews a 12-month consolidated Ethics and Compliance activity report on human resources issues.

The Corporation's commitment to diversity is further reflected in its Code of Ethics and Business Conduct, pursuant to which Bombardier shall offer equal employment opportunities without regard to any distinctions based on age, gender, sexual orientation, disability, race, religion, citizenship, marital status, family situation, country of origin or other factors, in accordance with the laws and regulations of each country where it does business.

Retirement Age Policy/Term Limits for Directors

The Board does not limit the time a director can serve. While term limits can help ensure the Board gains a fresh perspective, imposing this restriction means it would lose the contributions of longer serving directors who have developed a deeper knowledge and understanding of Bombardier over time. The Board does not believe that long tenure impairs a director's ability to act independently of management.

Under the retirement age policy for the directors of the Corporation, any director who turns 72 years of age prior to the next annual shareholders meeting has to submit his/her resignation by the February Board meeting to the Executive Chairman of the Board of Directors, Mr. Pierre Beaudoin, and the members of the CGNC. They then evaluate whether to accept this resignation depending on the needs of the Board and circumstances of Bombardier at that time. If the resignation is not accepted, each subsequent year, it will again be evaluated. If accepted, however, the resignation will become effective the day before the annual meeting of shareholders.

Compensation of Directors and Executive Officers

The CGNC has the responsibility to review periodically the compensation of the directors, in light of both market conditions and practices as well as their risks and responsibilities. It reviews the types of compensation and the amounts paid to directors of publicly traded companies in Canada and the United States that have international operations comparable in size and complexity to Bombardier, and makes appropriate recommendations to the Board. Any such review covers the directors (excluding however those who are officers of the Corporation) as well as the committee members and Chairs.

The CGNC also reviews periodically director share ownership guidelines.

The compensation received by the directors between January 1, 2014 and December 31, 2014 is found in Section 3: "Remuneration of the Directors of Bombardier" on pages 17 to 22 of this Circular.

As explained on page 28 of this Circular, the HRCC is responsible for reviewing, assessing and approving a total executive compensation policy and reviewing the design of equity-based plans. The compensation received by the NEOs between January 1, 2014 and December 31, 2014 is found in Section 5 "Remuneration of the Executive Officers of Bombardier" on pages 35 to 65 of this Circular.

Assessment of the Directors

Each year, the members of the CGNC conduct an evaluation of the performance and effectiveness of the Board and its Committees. During 2010, they implemented a new three-year assessment process: (i) every first and second year, the Senior Vice President, General Counsel and Corporate Secretary interviews each director in order to obtain his/her comments or recommendations about the performance of (a) the Board or (b) as the case may be, each committee on which he/she sits and (ii) every third year, each director is asked to complete a detailed questionnaire submitted by the Senior Vice President, General Counsel and Corporate Secretary to assess the performance of (a) the Board and (b) as the case may be, each committee on which he/she sits. A summary of the results of each evaluation is submitted to the review of the CGNC and the Executive Chairman of the Board of Directors, Mr. Pierre Beaudoin.

Independent directors also meet periodically with both the Executive Chairman of the Board of Directors, Mr. Pierre Beaudoin, and the Chairman of the CGNC, Mr. Carlos E. Represas, to discuss their respective performance and any matter or issue they wish.

The CGNC periodically assesses with the Executive Chairman of the Board of Directors, Mr. Pierre Beaudoin, the operation and strategic direction of the Board and its committees, their respective size, composition and structure, the performance of the directors both as a group as well as individually, the adequacy of information given to the directors, the communication between the Board and the corporate management and the processes related to the Board and its committees. The CGNC presents its findings and conclusions to the Board. The directors and members of each committee also receive a summary of the results of their respective evaluations for their review.

The annual assessment of the performance of the Board and its four committees also provides an opportunity to periodically review, and if deemed appropriate, revise their respective mandates.

Orientation and Continuing Programs

- **Orientation programs for new directors** Bombardier has an orientation program for new directors, which enables them to participate in an initial information session on the Corporation in the presence of some of its executives to learn about, among other matters, its business, financial situation and strategic planning.

In addition, new directors are furnished with appropriate documentation, including a director's manual, providing them with information about, among other matters, the corporate governance practices of Bombardier, the structure of the Board and its committees, its history, its current commercial activities, its corporate organization, the charters of the Board and its committees setting forth their respective roles and responsibilities, Bombardier's articles of amalgamation and by-laws, the Code of Ethics and Business Conduct and relevant corporate policies.

The meetings in which new directors participate (including the annual sessions for the review of the strategic orientation, operating plans and budgets) as well as discussions with other directors and with Bombardier's executives also permit new directors to familiarize themselves rapidly with Bombardier's operations.

- **Continuing education program for directors** Bombardier encourages its directors to pursue continuing education activities which could provide them with information as to the best practices associated with boards and committees and as to emerging trends that may be relevant to their role as directors.

In addition, Bombardier's corporate management periodically makes presentations to the directors on various topics, trends and issues related to Bombardier's activities during the meetings of the Board or its committees, as the case may be, which helps the directors to constantly improve their knowledge about Bombardier and its businesses.

Visits to Bombardier's various facilities are also arranged, from time to time, for the Board, and individual visits on request.

Letter to Shareholders

To our Shareholders,

The Human Resources and Compensation Committee (“HRCC”) of the Board of Directors is committed to keeping Bombardier shareholders informed of its approach to executive compensation and of related highlights of the past year.

This year, you will once again be invited to cast your advisory “Say on Pay” vote. To assist you in your decision, we are pleased to present you with this summary, as well as the more detailed description of the executive compensation policy and related plans in the Compensation Discussion and Analysis on the subsequent pages.

Our Approach to Executive Compensation

Bombardier’s three growth strategies are defined as follows:

- Invest in leading mobility solutions
- Grow local roots in key markets
- Achieve flawless execution every step of the way

Our three growth strategies are anchored in our competitive foundation which is the cornerstone of our capability and governance platform. Our approach to compensation is directly linked to our competitive foundation, including:

1) Great Talent Globally

As part of its development, Bombardier is expanding globally. To support this expansion, Bombardier needs to attract and keep the best talents all around the world. Our philosophy is to pay for performance and to encourage appropriate business risk without encouraging behaviors that may have an adverse effect on Bombardier. Compensation for executives is directly linked to their actual contribution to the achievement of overall business strategic objectives and Bombardier’s performance. As a result, Bombardier’s compensation plans aim to directly link executive pay to actual performance, aligning compensation with long-term shareholder value.

Building on this approach, 66% to 80% of the Named Executives Officers’ or NEOs’ (as hereinafter defined) targeted total compensation is at-risk pay. The majority of this at-risk pay is linked to long-term results of the Performance Share Unit Plan or PSU Plan (as hereinafter defined), the Deferred Share Unit Plan or DSU Plan (as hereinafter defined) and the Stock Option Plan. The balance of the at-risk pay is tied to the annual results of the short-term incentive plans. The remaining 20% to 34% of targeted total compensation is fixed and represents base salary.

2) Strong Financial Discipline

The objective of Bombardier’s executive compensation policy is to position the total compensation package at the median (50th percentile) of comparable companies (peer group). In addition to external competitiveness, other internal factors such as the role, the qualifications and experience of the incumbent within that role, and internal equity among executives are considered in setting compensation.

Bombardier’s various compensation plans are subject to a rigorous financial approach. The Corporation estimates that (i) every performance indicator target under its short-term incentive plan is set at an ambitious level based on Bombardier’s operating plans, and (ii) the target objectives under its long-term incentive plans (PSU/DSU Plans) are set at ambitious financial goals. These plans provide benefits to executives if the targets are achieved and provide increased benefits when targets are exceeded, and forfeiture of the relevant portions of incentive awards in respect of which targets are not met.

3) Active Risk Management

Our various compensation plans involve certain risks inherent to their management. It is important to understand these risks and minimize them and this is why the HRCC monitors and reviews them annually. Please refer to pages 52 and 53 of this Circular for a complete review of our compensation plans and their associated risks.

Main Compensation Decisions in 2014

- The HRCC decided to freeze the base salary of all employees in 2014 except for employees covered by formal collective agreements or subject to local statutory requirements.
- Reflecting Bombardier's commitment to pay for performance, and given that Bombardier's three-year average ROE (as hereinafter defined) for PSU/DSU grants scheduled to vest during the financial year ended December 31, 2014 fell short of the applicable average ROE threshold, the HRCC decided that these grants would not vest and consequently no PSUs/DSUs were settled during the financial year ended December 31, 2014.
- Further to the announcement in July 2014 of the new organizational structure, the HRCC reviewed the performance targets for the 2014 PSU/DSU grants. The main decisions taken in that respect were as follows:
 - the target ROIC (as hereinafter defined) in respect of the 2014 PSU/DSU grants was changed from a three-year average to a weighted average: 20% based on the 2014 operating plan, 30% based on the 2015 operating plan and 50% based on the average of the 2015 operating plan and of the 2016 strategic plan; and
 - target ROIC for these grants will be based on the applicable group's ROIC (50% on either Aerospace or Transportation and 50% on consolidated) for the year 2014 and on the applicable business segment's ROIC (50% on either Transportation, Business Aircraft, Commercial Aircraft or Aerostructures and Engineering Services and 50% on consolidated) for the years 2015 and 2016, allowing a transition towards the new organizational structure.

President and Chief Executive Officer Compensation and Performance Alignment

In 2014, we continued to invest strategically in new products in order to position us well for the future. As significant investments in new products begin to taper off, our top priority will be to translate such investments into bottom-line results.

During 2014, we achieved several major product development milestones. At Bombardier Aerospace, the *CSeries* aircraft made significant progress in its extensive test program. At Bombardier Transportation, the *Zefiro* 380 very high speed train for China completed its 600,000 km trial run, received its homologation in early 2015 and will enter its delivery phase shortly.

Moreover, we saw strong revenue growth in 2014 across both business units. Revenues at Aerospace increased by 11.9% to \$10,500,000,000, while Transportation revenues reached \$9,600,000,000, a 9.7% increase when excluding the effect of exchange rates.

Despite these results, some financial and non-financial targets set at the beginning of the year under the short-term incentive plans were not achieved. As a result, the payout under the short-term incentive plan related to financial key performance indicators for Mr. Pierre Beaudoin was 33.26% of target and his objective in respect of a specific value-added project was not achieved.

Therefore, the total direct compensation (which includes salary, annual bonus and long-term incentive grants) of the former President and Chief Executive Officer, Mr. Pierre Beaudoin, for 2014 was \$5,079,400 compared to \$5,793,100 for 2013. The variation is explained by a lower short-term incentive payout (\$338,000), no salary increase in 2014, no change in the Canadian dollar value of long-term incentive grants in 2014, and is offset by the depreciation of the Canadian dollar when converting his total direct compensation into US dollars.

The pay for performance study continues to show pay for performance alignment below median compared to the peer group. The details of this study are presented on page 55 of the Circular.

Appointment of a new President and Chief Executive Officer

Effective February 13, 2015, Mr. Pierre Beaudoin was appointed as Executive Chairman of the Board of Directors while Mr. Alain Bellemare became President and Chief Executive Officer of Bombardier.

In Conclusion

The HRCC is satisfied that Bombardier's current executive compensation policies, plans and levels of compensation are aligned with Bombardier's performance and reflect competitive market practices.

A. Compensation Discussion and Analysis

This section describes the approach to compensation for the NEOs at Bombardier. It focuses on Bombardier's compensation policy, the tools used to set compensation, the means by which Bombardier delivers compensation under its various plans and other features that assist in aligning executives' with shareholders' interests.

Bombardier's executive compensation policy is designed to maximize the overall performance of the Corporation through the individual performance of its executives. The overall goals of the compensation policy are to attract, retain and motivate executives in order to increase shareholder value. Bombardier's executive compensation policy and practices are intended to reward executives based on their individual performance, at a level competitive with similar positions of peer companies. Variable compensation is directly linked to Bombardier's financial results.

The HRCC validates the introduction of new compensation plans, any significant modifications to existing ones and target setting through stress-testing processes. During the financial year ended December 31, 2014, certain changes were made to existing plans in order to allow a transition from the previous organizational structure towards the new organizational structure comprised of four business segments (Transportation, Business Aircraft, Commercial Aircraft and Aerostructures and Engineering Services) and an Aerospace Product Development Team, as further discussed under section A.1.5.1 Performance Share Unit Plan (PSU Plan), Deferred Share Unit Plan (DSU Plan) and 2010 Deferred Share Unit Plan (2010 DSUP) and under Section A.1.5.5 – Right to Amend the 2010 DSUP or the Stock Option Plan.

Overall, the HRCC is satisfied that the compensation of executives supports the objective of the policy.

A.1.1 Compensation Objectives

The objective of the executive compensation policy of Bombardier is to position total compensation packages at the median (50th percentile) of the relevant market, based on the selected comparator groups.

Each element of compensation packages (base salary, short-term incentives, long-term incentives, pension, benefits and perquisites) are separately considered in the benchmarking in order to be consistent with general market practices. Each element by itself could be slightly below or above the median, however Bombardier aims to set the total target value of the compensation packages, comprised of all elements, at the median of the benchmarking results. In addition to external competitiveness, other internal factors such as the role, the incumbent within that role, and internal equity among executives are considered in setting compensation.

The table below shows the key elements of compensation and their respective form and performance period:

	Base Salary	Short-Term Incentives	Long-Term Incentives	
			PSUs / DSUs	Stock Options
Term	One year	One year	Three years	Seven years
Purpose	Compensation based on responsibilities, performance, skills and potential	Rewards achievement and surpassing of specific financial and non-financial key performance indicators	Rewards for creating shareholder value and achieving specific performance objectives	Links the interests of executives to those of shareholders by rewarding executives for creating shareholder value
Performance Criteria	—	Financial and non-financial key performance indicators	Three-year average: – ROE for grants prior to August 2013 – ROIC for grants since August 2013 ⁽¹⁾	Carry value only if share price is above exercise price
Vesting	—	—	– Vesting after three years if performance conditions are met	Stock options granted since June 2009 vest in full after three years
Payout	Cash	Cash	– PSUs settled in Class B subordinate shares or cash equivalent at the end of the three-year period according to choice made at grant – DSUs granted before 2010 can be settled in Class B subordinate shares (secondary market) or cash equivalent. DSUs granted under the 2010 DSUP can only be settled in Class B subordinate shares (treasury or secondary market). DSUs can only be settled upon termination of the executive's employment	Class B subordinate shares acquired at an exercise price determined at grant

(1) For the 2014 grants, the performance is based on a weighted average: 20% for 2014, 30% for 2015 and 50% based on the average of 2015 and 2016

The following graph illustrates the percentage of each component of the total compensation package (excluding the value of pension, benefits and perquisites), for (i) the former President and Chief Executive Officer, Mr. Pierre Beaudoin, (ii) the Senior Vice President and Chief Financial Officer, Mr. Pierre Alary, (iii) the three other most highly compensated executive officers of Bombardier, namely the President and Chief Operating Officer of Bombardier Transportation, Mr. Lutz Bertling, the former Senior Vice President, Mr. Steven Ridolfi, and the President of Bombardier Business Aircraft, Mr. Éric Martel (all of whom are collectively referred to as the “Named Executive Officers” of Bombardier or “NEOs” (or individually “NEO”) in this Circular) in accordance with the above stated executive compensation policy assuming that applicable performance goals have been achieved at target for the financial year ended December 31, 2014. The target weightings of each element intend to emphasize the at-risk compensation of each executive officer to ensure his/her alignment with shareholders’ interests. The relative weighting of each element of direct compensation is aligned with each executive officer’s ability to influence the short-term and long-term performance of Bombardier.

Target Weighting of Compensation Elements Based on Compensation Policy

A.1.2 Benchmarking of Compensation for Senior Executive Positions

Benchmarking is performed by the independent executive compensation consultants retained by the HRCC. They are responsible for gathering comparator information relevant to Bombardier’s senior executive positions. The composition of the comparator group is reviewed and approved by the HRCC to ensure its continued relevance. The HRCC reviews and approves the companies included in the comparator group based on factors such as the country of the head office or of a major subsidiary, the type of industry, the annual revenues, the type of ownership (public or private), the complexity of their operations, the number of employees or other relevant factors.

Meridian performed, during the financial year ended December 31, 2013, the benchmark used to determine the compensation of most of the Corporation’s senior executive European positions whereas during the financial year ended December 31, 2014, it performed the benchmark used to determine the compensation of most of the Corporation’s senior executive North American positions. Senior executive positions are benchmarked with positions of similar responsibility in their respective markets. According to the executive compensation policy, a comparator group including large North America based companies is used for North American positions. European positions are benchmarked using a combination of relevant European companies. The grant value guidelines for PSUs/DSUs and stock options are anchored on Canadian market practices for all executives based on Towers Watson’s study (refer to Human Resources and Compensation Committee on pages 28 and 29 of this Circular).

The benchmarking exercise performed applies for the next two years. Accordingly, the comparator group used in Meridian’s 2012 study for most of the senior executive North American positions and in Meridian’s 2013 study for most of the senior executive European positions is provided in the following tables. The compensation data for these companies come from information contained in Aon Hewitt’s Total Compensation Measurement database and also from available public disclosure documents.

The companies selected have executive positions with responsibilities similar to those at Bombardier in terms of scope, global activities and manufacturing context.

A.1.3 Base Salary

In setting the base salary for the NEOs, reference is made to the results of the benchmarking for positions of similar responsibility in the country relevant for the position. The actual base salary paid to each NEO is typically targeted at the market median, based on the benchmarking results, and is then adjusted to take into consideration his/her responsibilities, current and sustained performance, skills and overall potential to ensure that the base salary reflects his/her actual contribution. An annual individual salary increase, if granted, is based on the review of the individual performance which includes, without limitation, his/her contribution, experience, operating group results, leadership, quality of management and competencies. A base salary higher than the market median can be paid if justified by sustainable higher level of individual performance or by a level of experience greater than that required for the position.

A.1.4 Short-Term Incentive Plans

Eligible management employees of Bombardier participate in short-term incentive plans designed specifically in 2014 for each of its two operating groups under the former organizational structure, namely, Bombardier Aerospace and Bombardier Transportation, as well as for the Corporate Office. The objective of these plans is to motivate eligible employees to achieve, and even surpass, the key performance indicators approved by the Board at the beginning of each financial year. Each plan specifies the target and maximum annual bonus as a percentage of base salary. These percentages vary based on the level of the position held.

The HRCC has the authority to set key performance indicators and targets in relation to incentive plans for management employees. It also has the general authority to adjust such key performance indicators and targets, and the measurement of results to reflect business conditions, circumstances, and events not predicted when setting targets. The exercise of this authority is at the sole discretion of the HRCC. While the HRCC does make a qualitative assessment of certain aspects of the incentive plans (e.g. assessment of non-financial goals), the discretionary assessment of performance does not form part of the design of incentive plans. During the financial year ended December 31, 2014, the HRCC did not exercise, after the fact, its discretionary authority to adjust the key performance indicators, targets or results of incentive plans.

At its meeting of January 14, 2014, the HRCC approved the key performance indicators listed in the table below and their respective quantitative targets for the short-term incentive plans for the financial year ended December 31, 2014. Also included in the table is the rationale behind these choices.

Key Performance Indicator	Rationale	Measure Frequency	Corporate Office	Bombardier Aerospace	Bombardier Transportation
EBIT ⁽¹⁾	Industry wide measure of in-year operational profitability. Common measure for valuation of companies in the industry.	Quarterly		✓	✓
FCF ⁽²⁾	Measures the cash generated by the business after paying short-term operating costs and making long-term investments. Commonly used as a valuation measure for companies in the industry.	Monthly		✓	✓
New Program Execution ("NPE") ⁽³⁾	One element that represents the ability to execute plans with respect to development of new aircraft programs through quarterly milestone monitoring. Recognizes the contribution and fosters the engagement of employees.	Quarterly		✓	
On-Time Delivery ⁽⁴⁾	Many employees have an impact on meeting these key performance indicators. Also very important to Bombardier's clients and impact both their satisfaction and loyalty.	Quarterly		✓	
Fleet Dispatch Reliability ⁽⁵⁾		Quarterly		✓	
Employee Engagement ⁽⁶⁾	The selection of a "people" performance indicator emphasizes the focus on behavior, leadership and soft skills. Sends a clear signal to drive cultural and behavioral change of leadership, which will result in higher engagement and better performance.	Annually			✓
Adjusted Earnings Per Share (EPS) ⁽⁷⁾	A wide measure of profitability and a common measure for valuation of companies. Measures the net profitability of performance.	Quarterly	✓		
Specific Financial and Value Added Projects ⁽⁸⁾	Linked to the success of certain key specific projects that have strategic importance for Bombardier. While usually long-term in nature, key milestones are measured and the advancement and realization of these projects are monitored.	Annually	✓	✓	
Bonus Payable Limited to a Percentage of EBIT			⁽⁹⁾	5%	5%

(1) Earnings before financing expense, financing income and income taxes, excluding corporate expense allocation.

(2) Free cash flow, excluding corporate cash allocation.

(3) New Program Execution represents the achievement of quarterly milestones in the development of new aircraft programs.

(4) On-time Delivery represents the percentage of aircraft delivered to the customers on or before the customer original or amended contract date.

(5) Fleet Dispatch Reliability reports the number of successful aircraft take-offs free of mechanical issues.

(6) Employee engagement represents the actual results from Bombardier Transportation's employee engagement survey.

(7) EPS is calculated based on adjusted net income attributable to equity holders of Bombardier using the treasury stock method, giving effect to the exercise of all dilutive elements. Adjusted net income is defined as net income excluding special items, accretion on net retirement benefit obligations, certain net gains and losses arising from changes in measurement of provisions and of financial instruments carried at fair value through profit and loss and the related tax impacts of these items.

(8) The former President and Chief Executive Officer and the President of Bombardier Business Aircraft were the only NEOs with individual objectives in the short-term incentive plan. These objectives were linked to value added projects for the former President and Chief Executive Officer and to a combination of financial and value added projects for the President of Bombardier Business Aircraft.

(9) Combination of Bombardier Aerospace and Bombardier Transportation

The Corporation estimates that every performance indicator target is set at a level to promote performance over the prior year's results. The financial performance indicator targets are set at an ambitious level based on Bombardier's operating plans for the year as approved by the Board and take into account prior years' results and prevailing economic conditions. Moreover, the financial performance indicator targets are reasonably attainable provided that the operating plans are substantially complied with and achieved by management. These financial performance indicators are not benchmarked against similar indicators from the comparator group used for the compensation policy. The non-financial performance indicator targets for On-Time Delivery, Fleet Dispatch Reliability and Employee Engagement are set at a level meant to generate improvement in results compared to the preceding year. These targets may be adjusted to take into consideration a non-recurrent situation. For New Program Execution, quarterly milestones are determined to ensure the development of new aircraft program within a specific timeframe. Such non-financial performance indicator targets are set at a challenging level as demonstrated in the table on page 43 of this Circular.

If targets are not met, the portion of the short-term incentive award in respect of that target is forfeited. If targets are exceeded at year-end, the payout potential can reach twice the target amount (subject to the achievement of at least the EBIT target for non-financial performance indicators).

In addition, these plans also limit, for the financial year ended December 31, 2014, the total amount payable under the short-term incentive plans to predetermined percentages of EBIT as stated in the table above. Short-term incentive plan payments are proportionally reduced if the EBIT limit is reached. Finally, no amount is paid under the short-term incentive plans if EBIT for the year is zero, even if the FCF or EPS targets and/or the other key performance indicators are met.

During the year, a periodic review of the activities of each operating group was made by corporate management in order to monitor their financial and operational performance against the objectives that they had to meet for the year.

The following table provides the key performance indicators of the plans and the respective results of Bombardier Aerospace, Bombardier Transportation, as well as the Corporate Office. Quantitative targets are not provided because they contain commercially sensitive information, the public disclosure of which would seriously prejudice Bombardier's interests and weaken its ability to maintain and build its market leadership in the highly competitive industries in which Bombardier operates. The disclosure of some quantitative key performance indicator targets and results would provide highly sensitive data to competitors, as well as key strategic information that are not publicly disclosed and that could also potentially provide inappropriate market guidance. The HRCC assesses the actual results compared with the pre-established targets to determine the quantum of the payout.

The following table provides the minimum, target and maximum bonus payable to the NEOs pursuant to the short-term incentive plans as well as the actual payout earned for the financial year ended December 31, 2014 expressed as a percentage of base salary.

(1) The maximum payout for the portion of Mr. Martel's annual bonus on individual objectives is limited to 100% of the target.

A.1.5 Long-Term Incentive Plans

The objectives of the Bombardier PSU, DSU and stock option plans are to align its executives' interests with shareholder value growth and to retain key talent. Bombardier uses a combination of these three plans as long-term incentives.

The HRCC reviews annually the provisions of the long-term incentive plans and, if required, makes appropriate recommendations to the Board to modify them.

Since June 2009, the HRCC has decided to provide 66⅔% of the value of long-term incentive grants to its NEOs in the form of PSUs or DSUs and 33⅓% in the form of stock options.

The HRCC believes that these incentive plans fulfill the executive compensation policy objectives because:

- they recognize and reward the impact of longer-term strategic actions undertaken by the executives;
- they promote executive retention since the grants vest over a certain number of years;
- the value of the grants depends on the future value of the Class B subordinate shares;
- in the case of DSUs granted prior to June 2010 and PSUs, there is no dilution effect on shareholders since i) the DSUs are delivered, upon settlement, in cash or as Class B subordinate shares purchased on the secondary market, and ii) the PSUs are delivered, upon vesting, in Class B subordinate shares purchased on the secondary market; and
- in the case of PSUs, the cost volatility to Bombardier is managed through the pre-purchase of shares on the secondary market by a trustee, as instructed by the Corporation.

The HRCC determines the size of grants to be awarded to the NEOs and further, reports to the Board for approval or information, as applicable. Long-term incentives are granted on an annual basis, based on benchmark data. The value of PSUs/DSUs and stock options granted to each participant is based, among other considerations, on a grant guideline that is related to the employee's management level within Bombardier. Furthermore, the value granted to a participant can vary from 0% to 150% of the grant guideline based on the employee's potential to contribute to the future success of Bombardier. Eligibility to participate in the long-term incentive plans does not confer an automatic right to receive a grant. As a general rule, grants made in previous years are not considered to determine the grant made to a NEO in any subsequent financial year.

Since August 2012, the number of PSUs/DSUs and stock options granted is determined by dividing the grant values by the reference price, which is the weighted average trading price of the Class B subordinate shares on the TSX for the five trading days preceding the grant date.

A.1.5.1 Performance Share Unit Plan (PSU Plan), Deferred Share Unit Plan (DSU Plan) and 2010 Deferred Share Unit Plan (2010 DSUP)

The objective of each of the PSU Plan, the DSU Plan and the 2010 DSUP is to reward key employees of the Corporation who contribute to the creation of economic value for Bombardier and its shareholders. The HRCC sets the target objectives for each PSU/DSU grant based on Bombardier's financial goals. These incentive plans are designed to motivate executives to exceed Bombardier's financial targets through the application of thresholds for payments and increased payments when targets are exceeded.

Only key employees, as approved by the Board, the HRCC or senior management, depending on the management level of the employees, may be granted PSUs. Only a limited number of these employees, including the NEOs, as approved either by the HRCC or by the senior management, as the case may be, depending, in each case, on their respective salary grade level, may elect to receive DSUs instead of PSUs. This election must be made on the date of the grant and the choice is irrevocable. For the executives subject to the Stock Ownership Guidelines (please refer to pages 50 and 51 of this Circular for further details on Stock Ownership Guidelines), DSUs constitute the default selection in countries where DSUs are offered.

The main rules of the PSU Plan, the DSU Plan and the 2010 DSUP are summarized below:

- a grant of PSUs or DSUs represents the right to receive an equal number of Class B subordinate shares if the pre-determined performance targets are attained;
- refer to A.1.5.2 "PSUs/DSUs Settlement" on page 46 of this Circular for more details on the settlement method and timing of PSUs/DSUs;
- the vesting period is determined at the date of the grant, subject to a maximum term of three years from that date;
- the key performance indicator and targets are usually determined at the date of the grant by the HRCC;

- the number of Class B subordinate shares delivered on the vesting date (or, in the case of DSUs, upon the participant's termination of employment, death or retirement) may be cancelled, reduced or increased depending on the actual results of the three-year average or three-year weighted average of the applicable performance indicator, depending on the date of grant of the awards :

(3) The table above is valid for the 2014 performance vesting schedules. For years 2015 and 2016, the performance vesting schedules, by business segments and consolidated, will be determined at the end of the second quarter of the 2015 year.

(4) For the 2014 year, ROIC at Bombardier Transportation is twice the value of the ROIC at other business segments combined or at the consolidated level.

- the PSU Plan confers the right to receive dividends to be paid either in the form of additional PSUs or in cash at the same rate as the dividend paid on Class B subordinate shares; the form of payment of these dividends is determined by the HRCC; these dividends are paid at the end of the three-year vesting period in accordance with the performance vesting rules;
- under the DSU Plan and the 2010 DSUP, dividends will only be settled as additional units of DSUs;
- the maximum number of Class B subordinate shares which may be issued from treasury under the 2010 DSUP is 24,000,000; and
- refer to Section D “Termination and Change of Control Provisions” on pages 63 to 65 of this Circular for the treatment of PSUs and DSUs in such cases.

In addition, the 2010 DSUP provides that the rights of a participant thereunder may not be assigned, encumbered, pledged, transferred or alienated in any way other than by will or pursuant to the laws of succession.

At the end of each financial year, the HRCC approves the results of prior years' performance indicators in order to authorize payouts under grants reaching the vesting date during the year. Since the three-year average Return on Equity ("ROE") for the PSUs/DSUs granted in 2011-2012 was under the average ROE threshold of 21%, no PSUs/DSUs vested in the financial year ended December 31, 2014 and they were all forfeited:

PSUs/DSUs Granted in 2011-2012			
Three-Year Average ROE ⁽¹⁾ Target	Vesting Percentage	Three-Year Average ROE ⁽¹⁾ Results Achieved	Vesting Percentage Achieved
Below 21%	0%		
21%	70%		
22%	85%		
23%	100%		
24%	110%	16.3%	0%
25%	120%		
26%	130%		
27%	140%		
28%	150%		

(1) ROE is calculated considering that "Net income" is before special items and that "Equity" excludes cash flow hedges, AFS (available for sale) financial assets and net actuarial losses under IFRS.

A.1.5.2 PSUs/DSUs Settlement

Following each grant, each PSU participant has to give irrevocable written instructions to the PSU Plan trustee, in accordance with the terms and conditions of the PSU Plan, to deliver to him/her either Class B subordinate shares or an equivalent amount in cash at the end of the vesting period, if the performance conditions are met. The amount in cash represents the value of the shares sold by the Plan trustee on behalf of the PSU participant on the market shortly after the vesting date. Since the decision to receive the shares or the cash is made at the beginning of the vesting period, the decision is independent of any undisclosed material information which the PSU participant may be aware of at the end of the vesting period.

When a DSU participant's employment terminates for any reason, vested DSUs are settled, in the case of vested DSUs granted before June 2010, as Class B subordinate shares purchased on the secondary market or, at the discretion of the HRCC, the cash equivalent, and for vested DSUs granted on or after June 2010 under the 2010 DSUP, as Class B subordinate shares issued from treasury or purchased on the secondary market. Actual settlements of vested DSUs may be postponed by the HRCC until the last calendar day of the year of termination of employment, death or retirement.

A.1.5.3 Stock Option Plan

The objective of the Stock Option Plan of Bombardier is to reward executives with an incentive to enhance shareholder value by providing them with a form of compensation that is tied to increases in the market value of the Class B subordinate shares.

The granting of stock options is subject to the following rules:

- the granting of non-assignable options to purchase Class B subordinate shares may not exceed, taking into account the aggregate number of Class B subordinate shares issuable under any other security based compensation arrangement of the Corporation, 135,782,688;
- the annual grant of stock options is made within a 1% dilution limit; and
- in any given one-year period, any insider or his or her associates may not be issued a number of shares exceeding 5% of all issued and outstanding Class B subordinate shares.

The main rules of the Stock Option Plan are as follows:

- a grant of stock options represents the right to purchase an equal number of Class B subordinate shares at the determined exercise price;
- the exercise price equals the weighted average trading price of the Class B subordinate shares traded on the TSX on the five trading days immediately preceding the day on which an option is granted;
- stock options granted before June 2009 are performance options with a term of seven years; they vest at a rate of 25% at the end of the first, second, third and fourth anniversary of the date of grant if the performance vesting criteria is met;
- the performance criteria for the stock options granted before June 2009 are based on the price of the Class B subordinate shares; the weighted average trading price of these shares has to reach the target price established at the time of the grant for at least 21 consecutive trading days in each year following the grant date. If the target price is not reached in a given year, the exercise of the grant is carried forward to the following year at the target price of the following year;
- stock options granted since June 2009 are conventional time-vested options with a term of seven years vesting at a rate of 100% at the end of the third anniversary of the date of grant. The three-year vesting period was selected to align the vesting rules of the Stock Option Plan to the vesting schedule of the PSU/DSU plans;
- if the expiration date of an option falls during, or within ten (10) business days following the expiration of a blackout period, such expiration date shall automatically be extended for a period of ten (10) business days following the end of the blackout period; and
- refer to Section D “Termination and Change of Control Provisions” on pages 63 to 65 of this Circular for the treatment of stock options in such cases.

In addition, the Stock Option Plan provides that no option or any right in respect thereof shall be transferable or assignable otherwise than by will or pursuant to the laws of succession.

For stock options granted in 2008-2009, the performance vesting condition requires that the target price threshold for Class B subordinate shares reaches \$8.00 Cdn. This target price threshold has not yet been attained.

A.1.5.4 Additional Restrictions of the 2010 DSUP and the Stock Option Plan

Under the terms of the 2010 DSUP and the Stock Option Plan:

- the total number of Class B subordinate shares issuable from treasury, together with the Class B subordinate shares issuable from treasury under all of the Corporation's other security based compensation arrangements, at any time, may not exceed 10% of the total issued and outstanding Class B subordinate shares;
- the total number of Class B subordinate shares issuable from treasury to insiders and their associates, together with the Class B subordinate shares issuable from treasury to insiders and their associates under all of the Corporation's other security based compensation arrangements, at any time, may not exceed 5% of the total issued and outstanding Class B subordinate shares;
- the number of Class B subordinate shares issued from treasury to insiders and their associates, together with the Class B subordinate shares issued from treasury to insiders and their associates under all of the Corporation's other security based compensation arrangements, within any given one-year period, may not exceed 10% of the total issued and outstanding Class B subordinate shares;
- a single person cannot hold DSUs covering, or options to acquire, as the case may be, more than 5% of the Class B subordinate shares issued and outstanding; and
- the total number of stock options issued in the financial year ended December 31, 2014 (being 8,630,184 stock options), as a percentage of the total number of Class A shares and Class B subordinate shares that were issued and outstanding as at December 31, 2014, is 0.49%.

As of March 9, 2015, the status is as follows:

	Plan	Issued	Issuable under DSUs Granted but not Vested OR Stock Options Granted but Unexercised	Issuable for Future DSU OR Stock Option Grants
Class B subordinate shares	Stock Option Plan	43,267,681 ⁽¹⁾	32,308,107	50,824,236 ⁽²⁾
	2010 DSUP	362,191	9,020,473	14,617,336
% of total number of Class A shares and Class B subordinate shares issued and outstanding	Stock Option Plan	2.46%	1.84%	2.89%
	2010 DSUP	0.02%	0.51%	0.83%

(1) Including a number of 403,000 shares which were issued pursuant to the exercise of stock options granted under the Stock Option Plan for the benefit of the non-executive directors of Bombardier, which was abolished effective October 1, 2003.

(2) The granting of non-assignable options to purchase Class B subordinate shares may not exceed, taking into account the aggregate number of Class B subordinate shares issuable under any other security based compensation arrangement of the Corporation, 135,782,688.

A.1.5.5 Right to Amend the 2010 DSUP or the Stock Option Plan

The Board may, subject to receiving the required regulatory and stock exchange approvals, amend, suspend or terminate the 2010 DSUP and any DSUs granted thereunder or the Stock Option Plan and any outstanding stock option, as the case may be, without obtaining the prior approval of the shareholders of the Corporation; however, no such amendment or termination shall affect the terms and conditions applicable to unexercised stock options previously granted without the consent of the relevant optionees, unless the rights of such optionees shall have been terminated or exercised at the time of the amendment or termination.

Subject to but without limiting the generality of the foregoing, the Board may:

- wind up, suspend or terminate the 2010 DSUP or the Stock Option Plan;
- terminate an award granted under the 2010 DSUP or the Stock Option Plan;
- modify the eligibility for, and limitations on, participation in the 2010 DSUP or the Stock Option Plan;
- modify periods during which the options may be exercised under the Stock Option Plan;
- modify the terms on which the awards may be granted, terminated, cancelled and adjusted and, in the case of stock options only, exercised;
- amend the provisions of the 2010 DSUP or the Stock Option Plan to comply with applicable laws, the requirements of regulatory authorities or applicable stock exchanges;
- amend the provisions of the 2010 DSUP or the Stock Option Plan to modify the maximum number of Class B subordinate shares which may be offered for subscription and purchase under the 2010 DSUP or the Stock Option Plan following the declaration of a stock dividend, a subdivision, consolidation, reclassification, or any other change with respect to the Class B subordinate shares;
- amend the 2010 DSUP or the Stock Option Plan or an award thereunder to correct or rectify an ambiguity, a deficient or inapplicable provision, an error or an omission; and
- amend a provision of the 2010 DSUP or the Stock Option Plan relating to the administration or technical aspects of the plan.

However, notwithstanding the foregoing, the following amendments must be approved by the shareholders of the Corporation:

- (1) in the case of the Stock Option Plan or outstanding options :
 - an amendment allowing the issuance of Class B subordinate shares to an optionee without the payment of a cash consideration, unless provision has been made for a full deduction of the underlying Class B subordinate shares from the number of Class B subordinate shares reserved for issuance under the Stock Option Plan;
 - a reduction in the purchase price for the Class B subordinate shares in respect of any option or an extension of the expiration date of any option beyond the exercise periods provided by the Stock Option Plan;
 - the inclusion, on a discretionary basis, of non-employee directors of the Corporation as participants in the Stock Option Plan;
 - an amendment allowing an optionee to transfer options other than by will or pursuant to the laws of succession;
 - the cancellation of options for the purpose of issuing new options;
 - the grant of financial assistance for the exercise of options;
 - an increase in the number of Class B subordinate shares reserved for issuance under the Stock Option Plan; and
 - any amendment to the method for determining the purchase price for the Class B subordinate shares, in respect of any option.
- (2) in the case of the 2010 DSUP or DSUs granted thereunder :
 - an amendment allowing a participant to transfer DSUs, other than by will or pursuant to the laws of succession; and
 - an increase in the number of treasury Class B subordinate shares reserved for issuance under the 2010 DSUP.

During the financial year ended December 31, 2014, certain changes were made to the 2010 DSUP in order to allow a transition from the previous organizational structure towards the new organizational structure comprised of four business segments (Transportation, Business Aircraft, Commercial Aircraft and Aerostructures and Engineering Services) and an Aerospace Product Development Team. Further to the announcement of the new organizational structure, the target Return on Invested Capital (“ROIC”) in respect of DSU grants made between November 6, 2014 and August 1, 2015 under the 2010 DSUP was changed from a three-year average to a weighted average: 20% based on the 2014 operating plan, 30% based on the 2015 operating plan and 50% based on the average of the 2015 operating plan and of the 2016 strategic plan. In addition, target ROIC for these grants will be based on the applicable group’s ROIC under the former organizational structure (50% on either Aerospace or Transportation and 50% on consolidated) for the year 2014 and on the applicable business segment’s ROIC (50% on either Transportation, Business Aircraft, Commercial Aircraft or Bombardier Aerostructures and Engineering Services and 50% on consolidated) for the years 2015 and 2016. The Board approved these amendments to the 2010 DSUP on October 29, 2014 and clarified said amendments on January 14, 2015, which amendments are not subject to shareholder approval, and which were approved by the TSX.

A.1.5.6 Restrictions Regarding Trading of Bombardier Securities

The Code of Ethics and Business Conduct of Bombardier provides the following restrictions on the trading of any Bombardier securities:

- employees shall only trade in Bombardier shares within predetermined trading periods which start on the fifth working day following the publication of Bombardier’s quarterly or annual financial statements and end 25 calendar days later; these trading periods are internally published and communicated to all employees who shall not trade in Bombardier shares if they have knowledge of undisclosed material information;
- employees shall not engage in hedging activities or in any form of transactions of publicly-traded options in Bombardier securities, or any other form of derivatives relating to Bombardier securities, including “puts” and “calls”; and
- employees shall not sell Bombardier securities that they do not own (“short sale”).

The Stock Option Plan also provides that optionees may not enter into any monetization transaction or other hedging procedures.

A.1.5.7 Stock Ownership Guidelines

Following recommendation from the HRCC, the Board has introduced, effective June 10, 2009, Stock Ownership Guidelines ("SOG") for executives in order to link their interests with those of the shareholders, which guidelines are reviewed by the HRCC whenever necessary. The SOG rules were modified to take into consideration the new organizational structure. The modifications were approved by the HRCC and are effective since January 1, 2015. The SOG requirements apply to the following group of executives:

- the President and Chief Executive Officer;
- the Presidents of business segments;
- the Vice President, Product Development and Chief Engineer, Aerospace; and
- the executives over determined salary grades reporting directly to the President and Chief Executive Officer, the Presidents of the business segments and the Vice President, Product Development and Chief Engineer, Aerospace, as the case may be, and who are members of their leadership teams.

Each of these executives is required to build and hold a portfolio of Class A shares or Class B subordinate shares with a value equal to at least the applicable multiple of his/her base salary as described in the following table:

Position held	Multiple of Annual Base Salary
President and Chief Executive Officer	5 x
President and Chief Operating Officer of Bombardier Transportation	4 x
Presidents of the other three business segments	3 x
Other executives	3 x or 2 x depending on salary grade

The value of the portfolio is determined based on the greater of the value at the time of acquisition or the market value of the Bombardier shares held on December 31st of each calendar year. For the purpose of assessing the level of ownership, Bombardier includes the value of shares owned plus vested DSUs. The HRCC monitors, each year, the progress in value of the share portfolios.

Since Bombardier shares are traded only in Canadian dollars, the actual base salary is used at par for executives paid in Canadian or US dollars. For executives paid in other currencies, the base salary at the mid-point of the Canadian salary scale for their equivalent position in Canada is used as the basis to determine their stock ownership target.

There is no prescribed period to reach the stock ownership target. However, executives are not allowed to sell shares acquired through the settlement of PSUs or exercise of stock options granted on or after June 2009 or after executives become subject to the SOG until they have reached their individual target, except in order to cover the cost of acquiring the shares and the applicable local taxes. Upon the exercise of any options granted prior to June 2009, the stock options holder shall remain the direct owner of at least 25% of the number of shares so acquired for a period of at least one year following the date of purchase of such shares, and may not resell such shares or enter into any monetization transaction with respect thereto during such one-year period. This requirement does not apply for options granted on or after June 2009. DSUs may not be settled until the executive terminates his/her employment, retires or dies.

The following table presents the SOG targets of the NEOs as a multiple of base salary and the actual multiple of base salary represented by the aggregate value of shares and vested DSUs held by the NEOs as of December 31, 2014:

NEOs	Target multiple of base salary	Actual Multiple of Base Salary as of December 31, 2014
Pierre Beaudoin	5 x	5.4 ⁽¹⁾ (target attained)
Pierre Alary	3 x	2.7
Lutz Bertling	4 x	—
Steven Ridolfi	3 x	1.7
Éric Martel	3 x	0.6

(1) Mr. Pierre Beaudoin was President and Chief Executive Officer until February 13, 2015, the date on which he was appointed Executive Chairman.

A.1.5.8 Clawback Policy

Pursuant to its Clawback Policy, Bombardier can recover overpayments of incentive compensation in the event of fraud, dishonesty or misconduct that contributes to a non-compliance which results in Bombardier's obligation to prepare an accounting restatement. Such an accounting restatement permits Bombardier, subject to the Board's discretion, to recoup incentive grants that have been paid or vested and to cancel unvested long-term incentive grants in excess of the amount that would have been received under the circumstances reflected by the accounting restatement. The policy applies to the Executive Chairman, the President and Chief Executive Officer, the Senior Vice Presidents and Vice Presidents at Corporate Office, the President and Vice Presidents of business segments, regions or global business units of the Corporation, all over a determined salary grade and any member, regardless of their grade, of the leadership teams of the President and Chief Executive Officer, the President of a business segment and the Vice President, Product Development and Chief Engineer, Aerospace. Bombardier has never yet encountered a situation where a compensation recoupment or adjustment has been required in the circumstances described above.

In addition, refer to Section D "Termination and Change of Control Provisions" on pages 63 to 65 of this Circular for the treatment of stock options, PSUs and DSUs in the event of a dismissal for cause.

A.1.6 Deferred Stock Unit Plan for Senior Officers

Under the Deferred Stock Unit Plan for Senior Officers, ("DSUSO Plan"), designated executive officers are given the opportunity to receive all or a portion of the cash bonus awarded to them in respect of a financial year, if any, in the form of Deferred Stock Units ("DSUSOs"). The number of DSUSOs credited to an executive officer who elects to participate in this plan is based on the value of the Class B subordinate shares as determined in accordance with the terms of the plan. In addition, when Bombardier pays out dividends on the Class B subordinate shares, additional DSUSOs are credited to the account of the participating executive officer. The DSUSO plan is not dilutive.

Upon the executive officer ceasing to be an executive officer (as a result of retirement, death, permanent disability or termination), these DSUSOs are automatically redeemed and converted to cash on the basis of the closing price of the Class B subordinate shares on the last trading day preceding the date on which the executive officer ceases to be an executive officer. As of December 31, 2014, no executive officer held DSUSOs, with the exception of Mr. Laurent Beaudoin, whose DSUSOs are all vested.

A.1.7 Share Purchase Plan

All Bombardier employees are allowed to participate in the Bombardier Share Purchase Plan to the extent that it is offered in their country of employment. Employees may, each year, contribute up to the lesser of 20% of their base salary or \$30,000 Cdn, with Bombardier contributing an additional amount of 20% of such employee's actual contribution. Employees' and Bombardier's contributions are used to purchase Class B subordinate shares on the secondary market.

A.1.8 Pension Plans, Benefits and Perquisites

The objective of Bombardier is to provide pension, benefits and perquisites at the median of the market. Benefit plans for executives are, as a general rule, similar to those of non-unionized employees, except however that higher limits would apply to life insurance, long-term disability, medical services and dental care coverage.

Bombardier offers a limited number of perquisites such as car lease, complete medical check-up and financial counselling.

- The amount allocated for the leasing of a company provided car depends on the level of responsibility of executives; executives are allowed to exceed such amount but are required to pay the excess through payroll deductions. Bombardier reimburses reasonable expenses for the use and maintenance of the car.
- All executives are entitled to have an annual complete medical check-up.
- Bombardier assumes the annual fees incurred by selected executives for financial counselling up to a maximum amount of \$3,000 Cdn.
- As a general rule, Bombardier does not reimburse any fitness club, sport club or business club membership fees.

The Executive Chairman, the President and Chief Executive Officer and the President and Chief Operating Officer of Bombardier Transportation are allowed to use the Bombardier corporate aircraft for personal reasons. Bombardier does not generally assume all of the costs of corporate aircraft incurred for personal use since all or part of these costs must be reimbursed to Bombardier, in an amount equal to the fair market value of a first class commercial airlines ticket for the destination of the personal trip for each person travelling aboard the corporate aircraft. The difference, if any, between the incremental operating costs to Bombardier and the costs reimbursed is included in the amounts required to be disclosed as perquisites, if applicable, under the column “All Other Compensation”, in the “Summary Compensation Table” on page 57 of this Circular.

More details about the executive pension plans are provided in Section C. “Pension Plans” on pages 61 and 62 of this Circular.

A.1.9 Supplemental Information

Since Bombardier has a policy of not granting loans to any of its employees, there is no such loan outstanding for the financial year ended December 31, 2014.

A.1.10 Compensation Risks

- Bombardier has processes in place with respect to the approval of projects or mandates based on different thresholds of investment and size of the new business and related risk. The approval is granted by either the operating group, the Corporate Office or the Board.
- The HRCC reviews and assesses compensation and incentive plan risks to ensure that the Corporation’s compensation plans encourage appropriate business risk and incentives without encouraging risk-taking behaviors which may have a material adverse effect on the Corporation.
- The HRCC is therefore fully aware of the risks that could affect the Corporation’s performance.
- The HRCC has not identified any risks associated with Bombardier’s executive compensation plans that are reasonably likely to have a material adverse effect on Bombardier.
- The structure of the Board Committees facilitates assessment of risk associated with compensation policies and practices:
 - as per Bombardier’s governance practices, overall risk management matters are considered and discussed at Board meetings, thereby providing additional important information to the members of the HRCC;
 - Mr. Jean C. Monty, the Chairman of the HRCC, is also a member of the Audit Committee and Ms. Martha Finn Brooks and Mr. Carlos E. Represas are both members of each of the FRMC and the HRCC, while Mr. Patrick Pichette is a member of each of the HRCC and the Audit Committee; and
 - these membership overlaps provide additional insight into the Corporation’s business risks and allow the HRCC to access the necessary information to consider the impact of business risks on compensation policies and practices.

The following table summarizes compensation elements or plans and relevant risk mitigation factors.

Compensation Element or Plan	Risk Mitigation Factor
Base Salary	<ul style="list-style-type: none"> – Base salaries are fixed in amount to provide steady income regardless of share price and therefore do not encourage risk-taking
Short-Term Incentive Plan	<ul style="list-style-type: none"> – The ability for short-term decisions to drive excessive compensation is limited because: <ul style="list-style-type: none"> • the payout potential on each key performance indicator is capped at twice the target amount • the total bonus amount is limited to predetermined percentages of EBIT for Bombardier Aerospace and Bombardier Transportation to protect shareholders' interests, and bonus payments are proportionally reduced if these EBIT limits are reached • the payout potential is based on a variety of key performance indicators, thus diversifying the risk associated with any single performance indicator to the detriment of others – Same objectives for all management employees at all levels within each operating group, Bombardier Aerospace and Bombardier Transportation, as well as for the Corporate Office in order to create alignment and encourage decision-making that is in the best interests of Bombardier as a whole <ul style="list-style-type: none"> • only a limited number of executives have individual objectives to minimize risk-taking behavior • 80% of Corporate Office performance indicators are based on operating groups – Objectives are mainly based on financial performance indicators relating to operating plans, employee engagement and some customers satisfaction objectives that the HRCC believes to be challenging but achievable without the need to take inappropriate or excessive risks – If the result for a specific objective is lower than the target, the related bonus is not paid
Performance Share Unit Plan OR Deferred Share Unit Plan	<ul style="list-style-type: none"> – The three-year vesting period helps ensure Bombardier's performance aligns with shareholders' interests – Performance objectives, based on the Corporation target ROE or ROIC as per strategic plans, are determined at the grant date by the HRCC (except in respect of grants made from November 2014 through July 2015) and if: <ul style="list-style-type: none"> • the result is lower than the threshold, the vesting percentage shall be 0% • the target is exceeded, the vesting percentage is capped to 150% – This incentive is also based on a three-year share price performance: the ultimate value of the award is tied to Bombardier's share price, which encourages behaviors focused on long-term goals, while discouraging behaviors focused on short-term risks – Annual grants with overlapping performance periods ensure that results in a single year impact currently maturing grants as well as outstanding grants maturing in subsequent years, further encouraging continuous long-term performance improvement
Stock Option Plan	<ul style="list-style-type: none"> – Stock options represent an incentive to enhance shareholder value by providing executives with compensation which is only valuable if Bombardier's share price increases over time – Vesting schedules help ensure long-term performance aligns with shareholders' interests – Since June 2009, the emphasis on stock options has been reduced: <ul style="list-style-type: none"> • the grant of stock options is offered to fewer levels of management • only 33 1/3% of the long-term incentive value is allocated in the form of stock options • for the NEOs, the value of stock options represents on average only 15% of their total target compensation
Pay Mix	<ul style="list-style-type: none"> – Bombardier offers short- and long-term incentive plans certain of which are based on different performance indicators, allowing risks to be spread over a broader time horizon – The HRCC believes that the variable compensation elements (short-term incentive plan and long-term incentive plans) represent a percentage of overall compensation that is sufficient to motivate executives to produce superior corporate results, while the fixed compensation element (base salary) is also sufficient to discourage executives from taking inappropriate or excessive risks – A portfolio approach to incentive compensation spreads the risk of various performance indicators, time horizons and extraneous factors influencing the compensation results, encouraging a more holistic view of business performance and compensation results
Stock Ownership Guidelines	<ul style="list-style-type: none"> – Since June 2009, selected executives are required to accumulate a significant level of Bombardier share ownership – SOG link interests of executives with those of the shareholders
Clawback Policy	<ul style="list-style-type: none"> – Recovery of overpayments of incentive compensation in the event of fraud, dishonesty or misconduct that contributes to non-compliance which results in the obligation to prepare an accounting restatement – The clawback policy contributes to the alignment of Bombardier's best interests with those of the shareholders
No Speculative Activities	<ul style="list-style-type: none"> – As per Bombardier's Code of Ethics and Business Conduct, employees shall not engage in hedging activities or in any form of transactions of publicly-traded options in Bombardier securities, or any other form of derivatives relating to Bombardier securities, including "puts" and "calls" and employees shall not sell securities that they do not own ("short-sale"). The Stock Option Plan also provides that optionees may not enter into any monetization transaction or other hedging procedures
Share Purchase Plan	<ul style="list-style-type: none"> – The same plan applies to all Bombardier employees to the extent that it is offered in their country of employment
Perquisites	<ul style="list-style-type: none"> – A limited number of perquisites such as car lease, complete medical check-up and financial counselling is offered based on local market practices. These perquisites are not affected by business decisions nor risk taking measures
Pension and Benefits	<ul style="list-style-type: none"> – No link with compensation risk since pension and benefits are based on local market practices
No Change of Control Agreements	<ul style="list-style-type: none"> – Bombardier has no change of control agreement with any of its NEOs that would result in guaranteed payouts in such an event
Discretion of the HRCC	<ul style="list-style-type: none"> – The HRCC has the authority to set performance indicators and targets in relation to incentive programs, and to adjust such indicators and targets, and the measurement of results to reflect business conditions, circumstances, and events not predicted when setting targets. The exercise of this authority is at the sole discretion of the HRCC

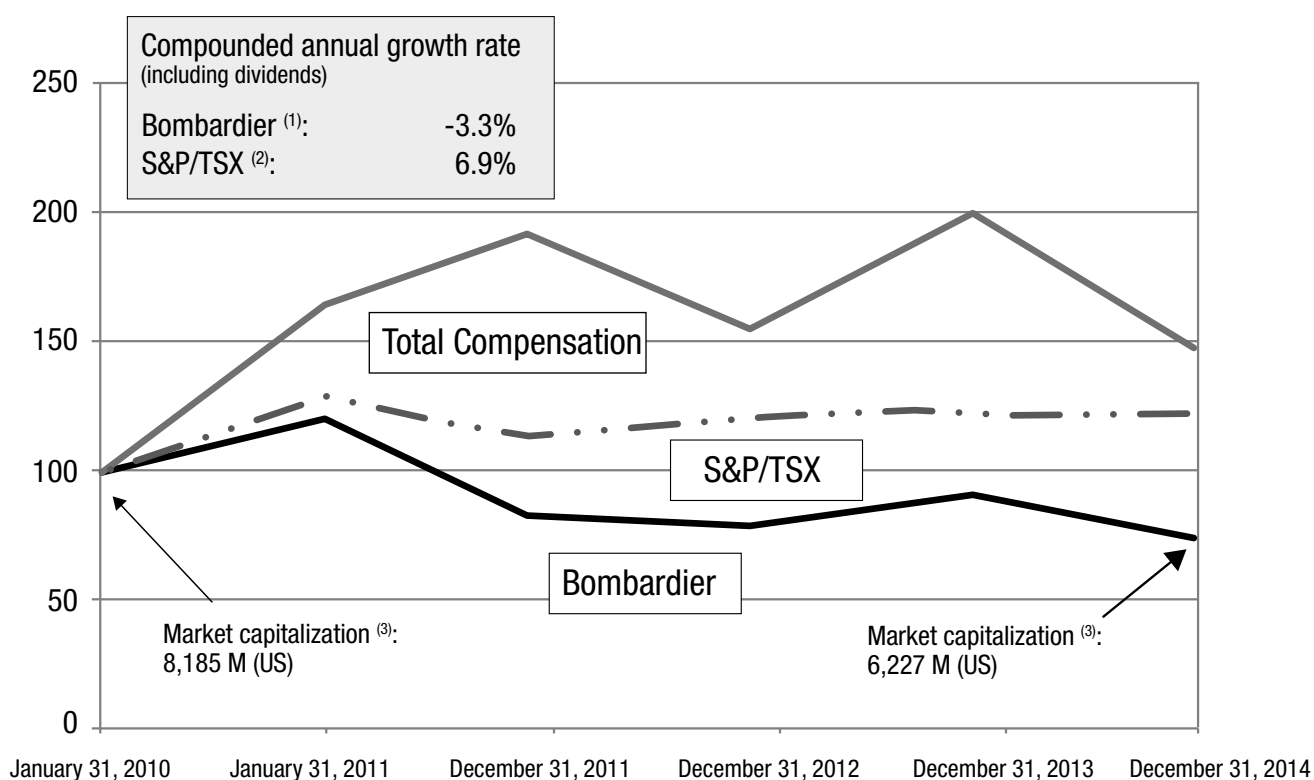

A.2 Performance Graph

The following performance graph shows Bombardier's cumulative total shareholder return over its five most recently completed financial years, assuming an amount of \$100 was invested on January 31, 2010 in Class B subordinate shares of Bombardier and in the S&P/TSX Composite Index, as well as in the total compensation earned by the NEOs over the same period.

The trends shown by the performance graph depicted below represent an increase in the cumulative total shareholder return from January 2010 to January 2011. The financial year ended on December 31, 2011 shows a decrease in the total shareholder return due to the economic uncertainty of 2011, followed by a relatively stable total shareholder return for the financial years ended December 31, 2012, December 31, 2013 and December 31, 2014.

Except for the financial year ended December 31, 2011, the graph demonstrates a correlation between the performance of Bombardier's share price and total compensation of its NEOs. Despite this correlation, several factors may have an adverse effect on Bombardier's share price performance. Compensation includes a portion that is fixed according to the market, plus a variable component that is based on the performance of the Corporation. Moreover, stock price performance is affected by various trends, many of which are unrelated to the Corporation's actual performance.

The market capitalization is converted from Canadian dollars to US dollars. For reference, exchange rates used were 0.9390 and 0.8633, as at January 31, 2010 and December 31, 2014, respectively.

A.3 Pay for Performance

Bombardier strives to align its compensation plans with its performance. In order to confirm the achievement of this objective, a pay-for-performance analysis for the former President and Chief Executive Officer, was conducted by Meridian in 2014, covering the three-year period ended December 31, 2013.

In this pay for performance study, performance is measured as the composite of four indicators, one-third on EBITDA growth, one-third on total shareholder return (TSR), one-sixth on ROE and one-sixth on ROIC. Furthermore, pay is defined as realizable pay which includes actual base salary and bonus, PSU incentive payouts or the value of vested DSUs, and the gains earned through the exercise of options granted over the period.

The analysis shows pay for performance alignment below median compared to the peer group used to determine the NEOs' compensation effective in the financial year ended December 31, 2013 for executive positions in North America.

B.1 Total Compensation Value Table for Pierre Beaudoin, Former President and Chief Executive Officer of Bombardier

The following total compensation value table summarizes the total compensation of the former President and Chief Executive Officer of Bombardier, Mr. Pierre Beaudoin, for the past three financial years. It also provides a summary of the aggregate number and value of shares, PSUs, DSUs and stock options held by him at the end of those years.

- (1) The Black-Scholes pricing model is used to calculate the fair value of the awards on the grant date as it is consistent with the valuation approach used for accounting purposes.
 - (2) The bonus amounts are paid in cash in the year following the financial year in respect of which they are earned.
 - (3) Please refer to the table C.1 "Supplemental Pension Disclosure for the Financial Year Ended December 31, 2014" on page 62 of this Circular and to previous years' circulars for the two previous years.

C. Pension Plans

The NEOs participate in two defined benefit pension plans which are non-contributory: i) benefits payable from the basic plan correspond to 2% of average base salary in the three continuous years of service during which the NEOs are paid their highest salary (up to the maximum earnings according to the Income Tax Act (Canada) which for 2014 is \$138,500 Cdn) multiplied by the number of years of credited service and ii) the supplemental plan provides for additional benefits of 2.50% (2.25% for Messrs. Steven Ridolfi and Éric Martel) of average base salary, multiplied by the number of years of credited service (up to 40) less the pension payable from the basic plan.

Mr. Steven Ridolfi was also entitled to an additional benefit of 0.25% of his average base salary multiplied by the number of years of credited service up to September 1, 2013; this additional benefit accumulates over a period of 5 years from January 1, 2014 to December 31, 2018. Effective from January 1, 2014, he also received an annual contribution in a non-registered retirement savings plan of 5% of his base salary. On February 27, 2015, Mr. Steven Ridolfi left the Corporation and retired.

Bonuses paid under the short-term incentive plans and any other form of compensation are not considered in the computation of pension benefits.

Upon employment, Mr. Lutz Bertling was granted the right to accrue a pension at double the annual accrual rate, or 5.0%, for each of his first three years of service completed to compensate for forfeiture of pension entitlements at his prior employment.

Benefits are payable upon retirement from age 60. For Messrs. Pierre Beaudoin, Pierre Alary, Steven Ridolfi and Éric Martel, benefits can be paid before age 60, in which case benefits are reduced by 0.33% for each month between the date of early retirement and the participant's 60th birthday or, if earlier, the date at which the participant's age plus years of service total 85.

All NEOs have reached the service requirements for vested rights in case of termination.

Upon the death of Messrs. Pierre Beaudoin, Pierre Alary, Steven Ridolfi and Éric Martel, their spouse will be entitled to a benefit equal to 60% of the benefit to which such participant was entitled. If the participant has no spouse at the time of retirement, the benefits will be paid, after death, to the designated beneficiary until such time as 120 monthly installments, in the aggregate, have been paid to the participant and/or to the designated beneficiary. For Mr. Lutz Bertling, in the event of his death, the life partner designated by Mr. Lutz Bertling before his death shall receive 50% of his monthly retirement benefit. If his life partner is more than ten years younger, the lifetime pension will be reduced by 0.3% for each year of age difference in excess of the ten years.

All pension benefits payable from these plans are in addition to government social security benefits.

★ The amounts presented in the table above are estimates based on assumptions and employment conditions that can change over time. Pension obligations shown above are based on the assumptions used in Bombardier's financial statements and in accordance with the IFRS accounting standards for their valuation as of the plans measurement date. The method used to determine any estimated amounts may differ from that used by other companies and, for that reason, any comparison of the estimated amounts of Bombardier's pension benefits obligations with those of other companies should be interpreted with caution.

D. Termination and Change of Control Provisions

Pursuant to the current employment practices of Bombardier, the compensation of each of the NEOs is revised and set on an annual basis by the HRCC as described in Section A. "Compensation Discussion and Analysis" on pages 38 to 55 of this Circular.

As a general rule, Bombardier does not sign employment contracts with its executives. As a result, when the employment of an executive has to be or is terminated, any termination settlement to which he/she might be entitled according to the circumstances at hand would then be determined either in accordance with applicable law or jurisprudence or by mutual agreement. As part of any termination agreement with an executive, Bombardier requests the inclusion of non-solicitation, non-disclosure and non-compete provisions for the duration of the severance period.

In the case of Mr. Lutz Bertling, there is an agreement pursuant to which he would be entitled to receive a separation allowance in an amount equal to 24 months of his base salary and target bonus in the event that his employment is terminated by the Corporation prior to age 60, and 12 months of his base salary and target bonus if his employment is terminated by the Corporation after age 60. As per Mr. Lutz Bertling's employment contract, the earliest date at which the Corporation can terminate his employment without cause is April 1, 2015.

In the case of Mr. Steven Ridolfi, there was an agreement pursuant to which he would have been entitled to receive a separation allowance in an amount equal to 15 months of his base salary in the event that his employment were to be terminated by the Corporation for reasons other than cause. On February 27, 2015, Mr. Steven Ridolfi left the Corporation and retired.

As of the date of this Circular, there are no other termination or severance agreements or arrangements, including change-of-control arrangements, between Bombardier and any of the other NEOs.

The following table sets forth estimates of the amounts payable to each of the NEOs upon retirement, termination without cause or death, assuming that each such event would have taken place on December 31, 2014. The table does not include the value of insurance benefits that could be continued for a few months following the occurrence of the respective event since they are generally available to all salaried employees.

NEOs	Retirement (\$)	Termination without Cause (\$)	Death (\$)
Pierre Beaudoin	—	— ⁽¹⁾	—
Pierre Alary	—	— ⁽¹⁾	—

BOMBARDIER INC.
SHAREHOLDER PROPOSALS**

The following two (2) shareholder proposals have been submitted for consideration at the Meeting by the MÉDAC. However, following the response of the Corporation, the MÉDAC agreed to withdraw these proposals and therefore these proposals will not be put to the Meeting and no vote will be held thereon.

1. Information on directors' competencies

It is proposed that the management proxy circular includes more information on directors' competencies and on the continuing education they receive.

To facilitate the shareholders' evaluation of the competencies of the candidates as directors, many companies present a table describing the candidates' principal experience and knowledge. A number of companies also include a description of the continuing education programs attended by directors, which provides the shareholders with an assurance that the directors keep abreast of new requirements in the areas of financial disclosure, risk management, governance, ethics and compensation policies. Such information allows the shareholders to better assess the quality of the candidates. We take the liberty of citing as an example the following skills table that was included in Bank of Montreal's management proxy circular:

	Astley	Babiak	Brochu	Cope	Edwards	Farmer	La Flèche	Mitchell	Orsino	Piper	Prichard	Wilson III
Executive Leadership (a)	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓
Other Board Experience (b)	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓
Financial Services (c)	✓	✓			✓	✓						✓
Accounting and Finance (d)		✓	✓		✓	✓		✓	✓	✓	✓	✓
Investment Banking/Mergers & Acquisitions (e)	✓	✓	✓	✓	✓	✓	✓	✓	✓		✓	✓
Risk Management (f)	✓	✓	✓	✓	✓		✓	✓	✓		✓	✓
Human Resources (g)	✓	✓	✓	✓	✓	✓	✓		✓	✓	✓	
Corporate Responsibility/Sustainability (h)		✓	✓	✓			✓		✓	✓	✓	
Legal (i)					✓		✓				✓	
Strategic Planning (j)	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓	✓

Currently, only directorships or management experience is mentioned, which makes it difficult to evaluate the collective talents of the board of directors.

As mentioned above, following the response of the Corporation which is reproduced below, the MÉDAC agreed to withdraw this proposal and therefore this proposal will not be put to the Meeting and no vote will be held thereon.

2. Directors' competencies: shortcomings in social responsibility and environment

It is proposed that the board of directors revises its policy for selecting candidates as directors to include a requirement that directors have knowledge and experience pertaining to social responsibility and environmental issues.

On its website, Bombardier refers to its long-term priorities, which include a strong commitment to corporate social responsibility, including achieving 100% recoverability of all new products by 2025.

However, judging by the profiles of the candidates who stood for election at the last annual meeting, none of the candidates has specific or general competencies in relation to social responsibility, the environment or sustainable development. Moreover, the continuing education program for directors does not include any reference to information or training sessions that would improve directors' knowledge in these areas.

We take the liberty of asking the following question: would the objectives used to evaluate the officers' performance be oriented more to non-financial matters (environmental, social objectives etc.) if the directors had specific competencies in this area and were open to a comprehensive evaluation of the executive officers' performance rather than one limited to financial criteria?

As mentioned above, following the response of the Corporation which is reproduced below, the MÉDAC agreed to withdraw this proposal and therefore this proposal will not be put to the Meeting and no vote will be held thereon.

Response:

Bombardier believes that the competitive foundations that allow the Corporation to shape the evolution of mobility include a commitment to corporate social responsibility and the ability to hire and develop great talent globally. Bombardier firmly believes in a global vision of talent management. That is why Bombardier continuously strives to attract, retain, engage and develop the right talent, including for its Board of Directors and in pursuing that objective Bombardier executes various strategies.

The process starts with the recruitment of new candidates as directors. The CGNC is responsible for monitoring the selection criteria for candidates as directors and the credentials of nominees for election or re-election as directors. Bombardier believes that this rigorous process allows it to identify the most qualified candidates.

Once directors are elected, they periodically benefit from presentations by management on various topics, trends and issues related to Bombardier's activities, which helps them to constantly improve their knowledge about Bombardier and keep abreast of new requirements in the industry. Thus, in Bombardier's opinion, the members of the Board of Directors have the required experience and information to discharge their obligations to the Corporation's shareholders.

Regarding the first proposal concerning information on directors' competencies, it should be noted that this Circular specifies areas of expertise for each director.

As regards social responsibility and the environment, these issues form an integral part of the mandate of the Board of Directors, whose responsibilities include monitoring and reviewing Bombardier's environmental and occupational health and safety policies and practices. To accomplish this, the Board of Directors relies on its committees and on its executive officers:

- The HRCC reviews, on a quarterly basis, occupational health and safety matters, reviews a 12-month consolidated Ethics and Compliance activity report on human resources issues and ensures that monitoring is in place regarding social issues such as employment equity, harassment and discrimination.
- The FRMC periodically receives reports on environmental issues.
- The Audit Committee reviews the adequacy of disclosure systems and controls, including the results of the audit of the corporate social responsibility report conducted by the Corporate Audit Services and Risk Assessment (CASRA) team.
- The Bombardier Ethics Advisory Council (BEAC) oversees compliance with the Corporation's Code of Ethics and Business Conduct.
- Lastly, the Senior Vice President, Human Resources and Public Affairs, chairs Bombardier's Integrated Communications and Sustainability Committee, which consists of executive officers and senior managers from the Corporation's head office and business segments. The Senior Vice President reports directly to the President and Chief Executive Officer and updates the Board of Directors on this matter annually.

The procedures described above provide Bombardier's directors with all the tools they need to incorporate social and environmental considerations in their decisions, as evidenced by the numerous awards Bombardier received in 2014. For example, for the eighth consecutive year, Bombardier was chosen as an index component in the *Dow Jones Sustainability World* index. Bombardier was also ranked in the first quartile of the *Global 100* index of the 100 most sustainable corporations in the world. The Corporation was included in *The A List: The CDP Climate Performance Leadership Index* for its actions to reduce greenhouse gas emissions and was ranked third among the 50 best corporate citizens in Canada by *Corporate Knights*.

To sum up, Bombardier is fully cognizant of the intrinsic link between financial and social value. CSR is fundamental to how the Corporation thinks, how it conducts its business and how it identifies and capitalizes on growth opportunities.

For these reasons, Bombardier believes that it has already fully addressed the issues raised in these proposals.
